Air Tech Integrity Mach1 Stages 11th/12th July 2026
Sponsors/Suppliers & Spectators

Well, another year passes, and we are under a week away from the Mach1 Stages 2026. As you know, these events take about a year to plan in advance, and I thought a few thank you's should go out ahead of this year's event when the team start to make their way down to beautiful Kintyre from Monday 6th July.

Spectators

As usual a warm welcome awaits all spectators, just follow the green arrows towards Machrihanish and turn right along the west park Fergus Road where the Rotary club will meet you at the gate. The charge is £10 per car on the Saturday and free on Sunday, gates open at 8am Saturday and 6am Sunday. A map of the exit route will be handed to each car upon entry as the main gate out of the venue at the MACC offices will be closed on the Saturday.

Sponsors

Our thanks go to the continued support of our championship main sponsor **Carnegie Fuels** sub sponsors **Andrew Lamont Motorsport** , **Andrew Wood Motorsport** , **Wheels Around** , **Touraloo: The Convenience Company**, **Auchencorvie Sawmill** , **John Young Signs**

We are proud to announce for the second year running this year's Mach1 Stages will be sponsored by **Air Tech Integrity** with special thanks to Kevin Paris, Company Director, who will also be competing in this year's event in his pristine Mark 2 Escort.

Local Business's

We would also like to thank those a bit closer to the venue and without the following this event would not happen.

MACC Business Park, along with all tenants and business within the airbase who put up with our setting up during the week as well as closing parts of their access and egress for the Rally weekend and we hope we do not cause too much disruption.

Craig Ralston Contracting for carrying out upgrade works to the infamous "Poodles Path "and also for sourcing bales during this inclement weather and pulling it out the bag for us to ensure this event happens and more importantly happens safely with the correct amount of bale protection and separation give him a follow for all the good work he does in the area.

Jim Martin Supplies for supplying the generators and Portaloo's for the event as well as use of Jim's storage hanger for event scrutineering and safety checks.

Auchencorvie Sawmill for the supply of timer stakes for all the event signage as well as David assisting during set up week and event changeovers.

Campbeltown Airport who are always on hand with the fire appliances to assist with water filling barrels for the stage furniture.

MACC Gym for closing on the Saturday to allow the stages to run past their front door.

Argyll Bakeries well what can we say about them, from supplying the sandwiches and cakes for the set-up team to the catering on the Saturday and Sunday withing the service area to the awesome Carvery and licenced bar on the Saturday evening within the officer's mess outside the MACC Business park offices.

The Carvery is not just open for officials and competitors, the general public are more than welcome to pop along from 7pm for a cracking night of food, cakes and chat. 😊

We would also like to thank Campbeltown Bond this year for allowing the senior team to use a few of the offices within their newly refurbished office block and for that we would like to thank Fergus Wallace and his team, for more information on what the team do at the old Gaydon Hanger and their fantastic plans for the future, please visit their social media pages and give them a like 😊
Campbeltown Bond - Whisky Cask Storage
https://www.instagram.com/campbeltownbond/ Facebook

We also have the team at Exotopic to thank for allowing us their unit to hold the catering tent and again by means of a thank you please visit their social media pages to find out the exiting times ahead for the organisation.

And last by no means least the good people of Campbeltown/Kintyre and Machrihanish for the very warm welcome we all receive every year.

Should you have any queries or questions in any way please feel free to drop an email to entries@dunfermlinecarclub.co.uk where one of the team will come back you.

Keep up to date with all the latest event and Championship news on www.dunfermlinecarclub.co.uk
