See article 29.a. The team is obligated to see that the time penalty is carried out in the proper manner and at the appropriate place, the Penalty Box Official will only check that the penalty has been served correctly.
It's not required to solve penalties of less than or equal to 5 seconds. In this case you may add this time penalty (of 5 seconds or less) to another time penalty and solve these at once (always inform the Penalty box official!). Otherwise time penalties of less than or equal to 5 seconds will be added to your race time at the end of the race (art. 29.a.9).
