

Bulletin #2 :

May 18, 2023

1: Recce

Recce on Friday will be expanded to start at 1100 instead of 1400 as listed in the Supps. Once the driver and co driver have been checked in and waived, they will be allowed to leave to recce the stages.

2: Service Spaces

In the Supps it stated the Service Chief will reach out to teams on service space locations via email. Due to unforeseen circumstances, this was not able to be done. Given the number of competitors and space available, spaces will be assigned upon arrival. Please let Greg Lahlum know upon check in if you are wanting to service with another team that hasn't arrived yet so room can be left for when they get there.
