1.0 **Update Art. 12.15 Chicanes (Physical and Virtual) / Bulletin No 1 Art. 1.0**

Upon consultation with Motorsport UK we have taken the decision to increase the distance for the virtual chicane zone from 75 metres to 100 metres. This is to ensure there is sufficient distance to decelerate to the required 20 mph within the virtual chicane zone.

The display of the virtual chicane have been updated.

On detection of the vehicle the screen will flash yellow / black and contain the word SLOW DOWN, as illustrated below.

This flashing will continue until the vehicle slows down to less than the required 20 mph speed at which point the screen will change to say go on a green background as illustrated below.

If the vehicle does not slow down to less than the required 20 mph the display will keep flashing the yellow panel until the vehicle leaves the detection zone.

The Virtual Chicane Unit will be on a tripod above the VC ends board.

2.0 Road book correction

Due to an administrative error the wrong dates are shown on the itinerary on pages 6 and 7 of the road book.

Page 6 should read:

Sections 1 & 2 Friday **7 August 2026**

Page 7 should read:

Sections 3 & 4 Saturday **8 August 2026**

3.0 Bogey / Stage Max Times
