This will optimise the stage mileage for competitors while keeping road mileage to a minimum for easy recce for the competing crews. Three services across the day will also give spectators the best possible chance of seeing the cars and crews up close on the day.

As was the case in 2022, Kieran Ambrose is once again the rally Clerk of the Course for the 2024 edition of the event. Speaking on the opening of the rally entries, Kieran Ambrose said "I am delighted to once again be running this great event in Limerick. Along with a dedicated team, we hope to run a thrilling event for both crews and spectators alike. Having the rally based out of Limerick city is great and something as a club we are really looking forward to seeing again. The event is kept as cost-effective as possible, with maximised stage mileage and limited road mileage across the day's running. Entries are now open, and I look forward to welcoming everyone to Limerick in a few weeks' time".
