To whom it may concern:

The County Commissioners and citizens of Dent County are pleased to welcome the Rally in the 100-Acre Wood on March 13-14, 2026 which is conducted by the 100AW PRG and sanctioned by the American Rally Association. This event has brought both participants and fans from across the United States to Dent County. We need to extend a warm Dent County, Missouri welcome to the participants and fans that are here while they provide a boost to our local economy.

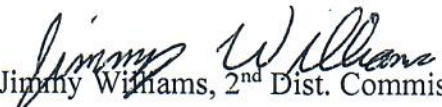

Additionally, we need to cooperate with those participating in and conducting the event. You may be asked by an official or representative of the Rally to avoid using a particular section of roadway for a specified period of time so that you will not interfere with the event. On behalf of the County Commissioners, we request that you follow the directions that may be given to you by a Rally official or representative in using or not using a section of road at a particular time.

We realize this may cause a slight inconvenience or delay to you, for which we apologize. I suggest, however, that you use the time available from a possible delay to learn about the Rally in the 100 Acre Wood from a Rally official or representative at hand. And if you truly have an emergency situation that requires that you not be delayed for a few minutes, inform the Rally official or representative of the reason for your emergency. Otherwise, we expect that you will cooperate with and comply with the directions of the Rally officials and representatives while they conduct the Rally in the 100 Acre Wood in Dent County.

Sincerely,

Gary Larson, Presiding Commissioner

Keith Green, 1st Dist. Commissioner

Jimmy Williams, 2nd Dist. Commissioner
