AMENDMENTS TO THE SUPPLEMENTARY REGULATIONS

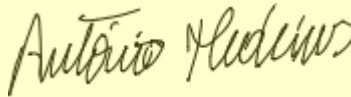

12.21 Reconnaissance SSS1 (new article)

To avoid traffic jam in the SSS 1 area, Crews are permitted to drive in the opposite direction during the SSS1 reconnaissance run in order to return to the starting point and complete the SSS1 a second time.

In doing so, crews must strictly adhere to the procedures established by the organiser and strictly follow the instructions of the officials. The organiser must ensure that the recce procedure is conducted so that the movement of crews returning to the start in the opposite direction does not inconvenience crews driving in the direction of SSS 1.
