8.4 Fuel for ERC1 competitors

All ERC1 priority drivers must use fuel sold by the FIA-appointed supplier.

No later than the closing date for entries for each rally, competitors must order their fuel on the supplier's website: <https://www.myetstorace.com/championships/>

Competitors are responsible for ordering the sufficient quantity for the entire event and for settling directly with the supplier, or supplier's agent, all matters relating to supply and payment. Unused fuel can be either refunded or collected at the end of the rally.

Educational video for fuel orders in different languages can be found
