

PRE-EVENT TEST

John Parker Associates are organising a pre event shakedown which will be held on Friday 5th May from 9am until about 3.30pm on a 2.2 mile loop in Castle O'er forest which is between Langholm and Lockerbie , which is often used on rallies in that area, with access from either M74 or A7.

We have done a recce of the roads which are in fine condition and there is no limit to the number of runs you can take. As it is a loop, the waiting time should be at a minimum and the cost will be £350 per car.

If you are interested or want more information , please contact
