

Bulletin #3: Headquarters Trailer Parking

As parking space is limited at the Hardwood Community Center, trailer loading/unloading and parking **will not** be allowed during open hours of Competitor Registration and Tech Inspection.

Teams are advised to unload their trailers on the service road (Dufresne Rd. and Kime Backlund Rd.) prior to coming to registration/tech. Please park on the south side of the road, facing east and do not block any residence driveways.
