Because of a destroyed track between the inspection of the course and the passage of the openers , for security reasons, RT10.4 will be cancelled and neutralized. This RT10.4 will be considered as a transfer.

Target time between FRT10.3 and SRT10.5 will be 80 minutes.

At the FRT10.4, Competitors are asked to not use the time given by the Tripy to calculate the check in time at SRT10.5 and not to report the time on the timecard. In effect we will use this RT10.4 as a transfer, but Tripy will keep the point of the finish of this RT cancelled.

The target time will be between finish of FRT10.3 to SRT10.5
