Having been informed by PCO

Fact: Competitor #712 is very far behind the pack without any trucks behind to assist him and seems he had many difficulties till this moment in stage 6B and will be very late for the RT6.7.

Decide: For safety reason to ask the competitor #712 to leave the stage.

For that ask PCO to contact the competitor and C14 to bring him in safety out of the stage before SRT 6.7
