## DAILY BRIEFING

### DO NOT CUT THROUGH CROPS

The special stage will be fast overall, with numerous sections under trees and sandy parts. Be careful in the first few kilometres as the small bridges are very narrow with water-filled channels, and some bridges are invisible, so it is essential to stay on the track.

There are still many gates to go through, which are not always clearly visible and are sometimes very narrow, so be careful in the dust.

## OPENING FEEDBACK

ORGANISATION

SPONSORS

## DAILY BRIEFING

Returning to the Portuguese forests for the final SS of the BP Ultimate Rally Raid Portugal. The terrain is sandy, susceptible to some wear in certain areas, but generally durable and allowing good speeds

## DAILY BRIEFING

After the TC-SS 6A, there will be a quick washing zone provided by the organization.

Refreshments are available on site for Teams, Officials, Media and Competitors.

Teams are allowed to arrive at the SS finish line. A track will be provided for this purpose. They must park in the designated parking lot (see layout).

Competitors have 2 hours to cover the 90 km route, consisting of 20 km of normal road and 70 km of motorway (**attention Viaverde device**). Under normal conditions, this route can be covered in less than 1 hour 15 minutes.
