BIVOUAC CLINIC

Clinic in the bivouac operates 24/7

Try not disturb the team after 00.00 until 06.00 unless emergency

Resuscitation facility, IV fluids, wound dressing/first aid

Not a substitute for personal oral hydration but we do treat dehydration

HYDRATION

The most important part of your health this week

For every 2 water drinks use 1 rehydration drink

Start to hydrate **NOW**

DISABILITY OR ALLERGY

If you have a disability that I need to be aware of, please see me after this briefing, particularly if you have an adapted vehicle

If you have a medical condition that may cause incapacity or increase your personal risk, please see me after this briefing

If you have a life threatening allergy to any medications, you need to tell me after this briefing

CONCUSSION

We take all head injuries seriously.

Tell the medical team if you bang your head.

We will check if it's safe for you to continue.

A second impact in a concussed person can lead to serious brain problems later.

Symptoms: NAUSEA, HEADACHE, FATIGUE, AMNESIA
