Subject:	Final Instructions 2		

From:	Clerk of the Course	Number of pages:	2
To:	All competitors/crew members	Attachments:	1

Ceremonial Start

National crews are invited to take part in the Ceremonial Start between 17:00 and 17:45 on Friday 30 August.

Any crews who wish to take part must register their intention during admin checks.

Crews should assemble at the location of TC0 in the service park by 17:00 and, when instructed, follow the road book extract to the Ceremonial Start and back to Service.

A time schedule for release of crews from TC0 and a road book extract will be posted on the DNB once registration of intention to participate has closed at the end of Administrative checks.

Reminder!

Competitors are reminded that following the completion of Administrative Checks, Driver / Co-driver changes will not be permitted.

Administrative checks will close at 10:00 on Thursday 29 Aug 2024.

International Timing

To clarify, International Timing will be used to time the National Rally.

Road section timing operates from the Stage Start time to the next Arrival or Re-group Control. The road section target time must be added to your Stage Start time to calculate your due time at the next Time Control.

The stage finish time should be ignored when calculating your due time at the next Time Control.

Example:

SS 1 Start Time – 18:00:00
SS 1 Finish Time – 18:03:59.1
Target Time to TC 2 - 15 Minutes
TC 2 Due Time – 18:15

JDS MACHINERY RALI CEREDIGION 2024

30 August - 1 September
