

East Ayrshire Car Club

Kames Spring Rally 2024

Bulletin A

Thanks for your entry to the Kames Spring Rally. Within 1 hour of entries opening, we had reached our event capacity, so we want to let you know what's happening.

We had already agreed with East Ayrshire Council to stretch our operating window at Kames for this event, so we have no opportunity to increase the event capacity.

We will prioritise entries from competitors who have historically supported EACC events along with competitors from both the Junior 1000 Ecosse Challenge and the Scottish Single Venue Rally Championship.

What happens next:

- We will open the event entry system to show which entries have been received so far. This is not a guarantee that listed competitors will start the event.
- In accordance with the event supplementary regulations, we will publish the seeded entry list on Tuesday 7th May.

If you are using the rally as a test, you might want to consider booking a place on the club members monthly test day as an alternative. This can be done at http://www.eastayrshirecc.co.uk/test_days

If you haven't finished uploading your documents, filling in the blanks in your entry or listing the safety equipment in your vehicle, please do this as soon as possible.

Gavin Murray

Clerk Of Course
