Article 8.4 Amendments to Entry List

Car 30 – Jeff Urbina & Chris Pike - Withdrawn
Car 45 – Gerd Buhler & Janine Franssen - Withdrawn

Vehicle Collection

As previously advised the cars will be collected on Saturday 31st October, we have pre-arranged two coaches which will leave at 11:00 and 12:00.

Car numbers 1-25 on the first coach at 11:00 then car numbers 26-50 on the second coach at 12:00 as this depends on the layout of the cars in the Customs warehouse; Melvyn Palmer will be at the collection site to greet you and hand over your keys/car.

Please bring a form of ID with you as this may be required upon collection.

You will be issued with your rally plates and roundels at the warehouse, please fix them to the car before leaving as the mechanics will have all the necessary equipment in the warehouse

Sunday morning, navigators can collect the route books and other items from 09:30 then once the car has been scrutineered both crew members need to return to documentation to physically sign on and complete all further paperwork, you will then be issued with the timecards.

Fuel

A new fuel station has opened on the first roundabout you come to when leaving the warehouse after about 2kms

Mechanical Assistance Crews

Will be available during the evenings if required, however If you need them, please speak to them first with about your issues, **before** going to the bar so they can plan their workload, there is little point in telling them your differential needs rebuilding at 10pm!

Trackers

Your friends and family will be able to follow your progress on our tracking page using the link - https://hero.3sgroup.co.uk/ No password is required

If your device is not working, please check for the following possible issues: device is hidden (must have a clear view of the sky), face down (the SPOT logo must be on top when positioned in the cradle), must have batteries even with connection to a permanent power supply & correct details given to HERO-ERA Bicester office.
