Pre-race check SCRUTINEERS

For scrutineers: This flyer serves as a comprehensive memo outlining the essential competitor safety equipment checks before events. It highlights key features and expectations to ensure driver and crew safety.

FIA / Pre-Race Checks • SCRUTINEERS

Please refer to the following FIA presentation forms for guidance:

Presentation forms for protective clothing according to FIA Standard 8856-2018

ASN Safety Bulletin #34 - Protective Clothing Customisation Guide

8856-2018
The competitor must show the scrutineer the customisation certificate if there are prints or transfers on the protective clothing

Protective Clothing

OVERALLS

FIA Label (embroidered on the collar)

Confirm there are shoulder handles

Check for holes or heavy damage

FIA Hologram behind the zip closure flap

Embroideries only on external layer

BALACLAVAS, UNDERGARMENTS AND SOCKS

✓ FIA Labels and Holograms must be present and side-by-side on balaclava, undergarments. Socks only have an homologation label.

✗ Check for holes or heavy damage.

SHOES & GLOVES

Check the tongue of the shoe and cuff of the glove.

FIA Labels must be on the outside.

FIA Holograms must be on the inside, DIRECTLY under the FIA Label.

A FIA Labels outside
B FIA Holograms inside

Helmets

Check that the FIA Label and the FIA Hologram are identical to the FIA technical list.

Check if there are cracks on the shell.

Check the presentation form for the accessories.

Check if the foam is cracked or compressed (remove the small liner padding to check the foam).

Cameras are only allowed if FIA approved and presented in the helmet presentation form.

Check that the chin strap is not pinched or damaged (Do not consider the loose part)

Check that the anchorage, bolts and fixations of the visor are operational and undamaged.

Weigh the helmet.
Maximum weight:
Full face: 1900g
Open face: 1700g

Frontal Head Restraint (FHR)

Check that the FIA Label is identical to the FIA technical list.

Check the rubber - there should be no damage.

Check the integrity of the material - there should be no damage.

Check the straps and fittings - there should be no damage.

Pre-race check DRIVERS

For drivers: Designed as a pre-race checklist, this flyer guides drivers through essential safety checks to secure their safety and that of their crew before engaging in competition.

FIA / Pre-Race Checks • DRIVERS

- 

Suit Up! get fully equipped with all the driver protective equipment.
- 

Balaclava must go under the overalls
- 

Fully close the overalls
- 

Check the helmet chin strap is well tightened
- 

Check that both FHR straps are attached to each side of the helmet
- 

Check that the harness shoulder straps pass over the FHR
- 

Check that the harness is attached and that your seating position is correct.
- 

Close your visor
- 

Arm the extinguisher
- 

Enjoy the race!

Sustainability and the Sport of Rallying

Our Connection with the Environment and Society

WRC Promoter GmbH has managed the commercial aspects of the FIA World Rally Championship since 2013 and the FIA European Rally Championship since 2022. Rallycross Promoter GmbH, under its umbrella, has handled the commercial matters for the FIA World and European Rallycross Championships since 2021.

Sustainability is a crucial focus for these championships due to their natural environments, impacting four key areas: climate change, natural environment, people and communities, and responding to public policy.

Sustainable Initiatives:

- Energy Efficiency: LED lights, thermostats, optimize heating / cooling devices
- Waste Management: recycling, waste reduction
- Water conservation: low-flow, rainwater,
- Transport / Logistic: local transport, electric vehicles
- Green building: green roof, energy efficient window
- Carbon Footprint reduction: replace old appliances with energy-efficient models that consume less power
