Document No: 1.2

From: The Stewards
To: All Competitors

Remounting of Wet Weather Tyres

Having received a report from the FIA Technical Delegate and Hoosier tyres the Stewards will be prohibiting the remounting of used wet tyres with immediate effect.

Tyre damage occurred in use that was not identified during refitting, resulting in a failure during the inflation process.

This raises a safety concern for tyre fitting personnel. Because of this used wet tyres will not be de-mounted and refitted for the remainder of this weekend.

Under the provisions of Article 11.9.1. of the FIA International Sporting Code and on grounds of safety the Stewards have ordered that the remounting of wet tyres must not take place during this Event with immediate effect.
