

IJsselmeer and Radboud working together!

Dear RIT-participant,

Since you have registered as participant we would like to inform you about the opportunity to make use of the accommodation at EuroParcs IJsselmeer: Nice 6-person apartments/ bungalows near the inline accommodations!

EuroParcs is supporting our tournament to create more convenience for every athlete and supporter at the race days. With a special RIT-discount of €35,- for your stay from Monday to Monday.

We would like to refer you to their own website:

www.bungalowparkzuidzee.nl. Here you can easily switch languages on the website. They have created the discount code **INLINESKATING35** especially for you. You can redeem this code in the last step during the booking process. The code is valid on all types of accommodation and gives you an extra 35 euros discount on top of the current promotions.

Note: do not make a booking on www.europarcs.nl, because the code will not work there!

Their restaurant is every evening opened and in case of bigger groups of 10 persons or more you can stay in contact with the park for dinner deals. Every day is bread service at the park for breakfast or lunch. An order will be delivered at the reception. Moreover you can ask for availability of bungalows next to or nearby each other.

If you have any questions about your booking or the code, you can contact the park (reception) by: ijsselmeer@europarcs.nl. Please mention that you are from the Radboud International Tournament. If you have other questions you can contact Rick Schipper from the RIT Committee.

Kind regards,

RIT Committee.

Rick Schipper (contact person)
