Due to weather conditions, and in case of rain and/or mud, the usage of a waterproof overgarment on top of the drivers' equipment is authorized provided it complies with EN 14116.
The use of garments with index 3 is strongly recommended. Any other kind of overgarments, especially karting ones, will not be accepted.

The teams will have to present them at the pre-event scrutineering, according to the art. 23.1.2 of the FIA Cross-Country Rally Sporting Regulations:
"The team must present all items of clothing, including helmets and an FIA-approved head retaining device, intended to be used. Compliance with Appendix L Chapter III will be checked."
