Ce road book a été rédigé au mois de janvier 2025. Il tient compte de l'état des routes et des signaux à cette date. Toutes les modifications importantes décelées après l'impression de ce road book seront annoncées par des additifs.

Dans le cas où le passage d'une ES n'est pas possible, des routes alternatives sont prévues pour arriver au CH suivant. Les itinéraires vous seront communiqués par les Juges de faits.

**Sans autres indications, vous devez suivre la route principale.**

**Limitations de vitesse (F / CH)**

**Autoroute : 120 km/h**

**Autres routes : 80 km/h**

**Dans les localités : 50 km/h / 30 km/h**

## Règlement Sportif des Rallyes Régionaux de la FIA

### 53. SECURITE DES CONCURRENTS

#### 53.1 EQUIPEMENT DES EQUIPAGES

Lorsqu'une voiture est en mouvement sur tout type d'épreuve spéciale et jusqu'au contrôle stop, l'équipage doit porter les casques homologués et tous les vêtements et équipements de sécurité requis conformément à l'Annexe L, Chapitre III – Equipement du pilote comme prévu par le fabricant de l'équipement et ses ceintures de sécurité doivent être correctement attachées. Toute infraction sera pénalisée par les Commissaires Sportifs.

#### 53.2 EQUIPEMENT DES VOITURES

**53.2.1** Si une console d'urgence de sécurité (système de suivi) est fournie par l'organisateur, le système doit être facilement accessible par le pilote et le copilote lorsqu'ils sont assis avec leurs harnais de sécurité serrés.

**53.2.2 Signes SOS/OK** Chaque voiture de compétition aura à son bord un signe «SOS» rouge et, de l'autre côté, un signe «OK» vert mesurant au moins 42 x 29,7 cm (A3). Le signe doit être placé dans la voiture et être facilement accessible pour les deux pilotes.

**53.2.3** Chaque voiture concurrente devra transporter un triangle rouge réfléchissant.

#### 53.3 INCIDENT SUR UNE EPREUVE SPECIALE

**53.3.1** En cas d'accident nécessitant des soins médicaux urgents, ce qui suit s'applique : – L'affichage SOS sur la console d'urgence doit être activé dès que possible (s'il y a lieu). – Le signe «SOS» rouge devrait si possible être montré immédiatement aux voitures suivantes et à tout hélicoptère qui tenterait d'intervenir. – Dès que possible, le triangle rouge réfléchissant devra être placé dans un endroit visible du même côté de la route que la voiture, à 50 mètres au moins derrière la voiture, afin d'avertir les pilotes suivants, même si la voiture est hors de la route.

**53.3.2** Tout équipage à qui le signe «SOS» rouge est montré ou qui voit une voiture ayant subi un accident devra immédiatement et sans exception s'arrêter pour prêter assistance, à moins que le signe «OK» ne soit montré. Toutes les voitures qui suivent devront également s'arrêter. La deuxième voiture qui arrive sur le lieu de l'accident continuera pour informer le prochain point radio. Les voitures suivantes dégageront la route pour les véhicules d'urgence. Tous les équipages arrêtés du fait de cette procédure se verront attribuer un temps conformément à l'Art. 52.

**53.3.3** En cas d'accident ne nécessitant pas une intervention médicale immédiate, ou d'une voiture s'arrêtant pour toute autre raison sur ou à côté d'une épreuve spéciale, de façon temporaire ou permanente, ce qui suit s'applique : – L'interrupteur OK sur la console d'urgence doit être activé dans la minute (s'il y a lieu). – Le signe «OK» vert devra être clairement montré immédiatement aux voitures suivantes et à tout hélicoptère qui tenterait d'intervenir. Si l'équipage quitte le véhicule, le signe «OK» devra être affiché de manière à être clairement visible de tous les concurrents suivants. – Le triangle rouge réfléchissant devra être placé par un membre de l'équipage dans un endroit visible du même côté de la route que la voiture, à 50 mètres au moins derrière la voiture, afin d'avertir les pilotes suivants, même si la voiture est hors de la route.

**53.3.4** Si l'écran de la console d'urgence affiche le signal SOS, OK ou tout autre signal de Danger, alors ce message est équivalent au panneau SOS/OK ou au triangle rouge réfléchissant.

**53.3.5** S'il n'est pas possible, pour une quelconque raison, de montrer le signe OK/SOS dans une des situations précédentes, l'équipage doit utiliser un signal gestuel évident et clairement compréhensible en dehors de la voiture : – un bras et le pouce levé pour indiquer «OK» – les bras en croix au dessus de la tête pour indiquer «SOS».

### Shakedown

15  
Kilometers

26

Fuel Range

#### START

Saignelégier, parc d'assistance

#### FINISH

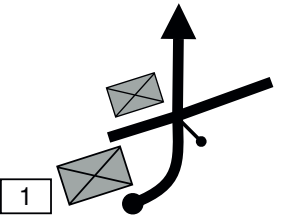

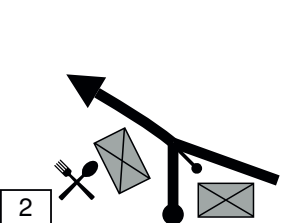

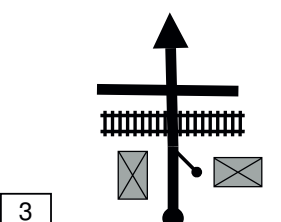

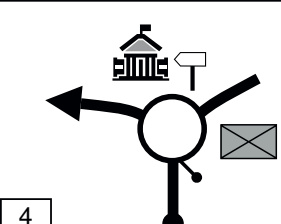

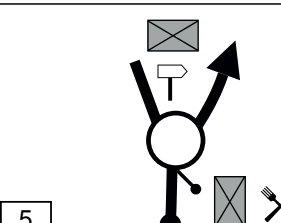

Les Pommerats, carrefour  
Goumois

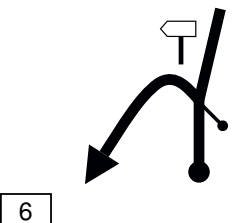

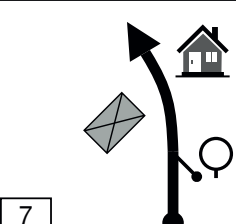

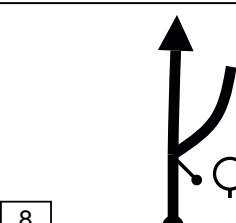

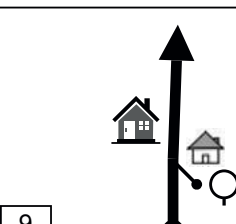

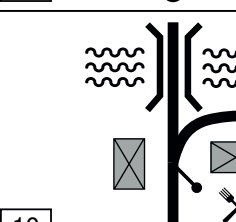

### WARNING!!!

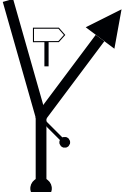

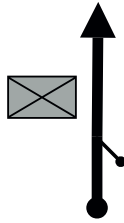

#### THIS ROUTE MAY BE DANGEROUS. FOLLOW THIS ROUTE AT YOUR OWN RISK.

Conditions change over time. Route leads to remote areas many miles from help. This is not a "closed" course. The route crosses and travels on public roads and highways where other vehicles, pedestrians, and animals may be present. Some hazards are identified here, for illustration purposes only, but most hazards are not identified or marked. Information provided is approximate, and should not be considered precise. Obey all laws and use caution at all times. If signs, maps, or other indicators suggest the route travels into closed, illegal, private property, or otherwise restricted areas, this roadbook should not be followed into such areas.

**RALLY NAVIGATOR IS NOT RESPONSIBLE FOR THE ACCURACY OR SAFETY OF THIS ROUTE.**

## CH/TC étape 1, section 1, 0, 1A et 1B

### Etape1, section 1

70  
Kilometers

Sans indications complémentaires, suivre toujours les routes indiquées

77  
Waypoints

70  
Fuel Range

**START**  
Saignelégier, CH/TC 0

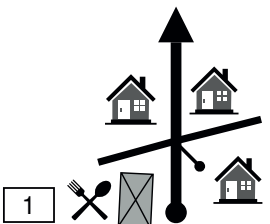

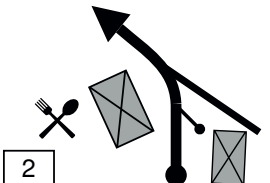

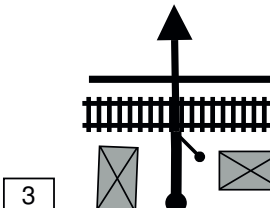

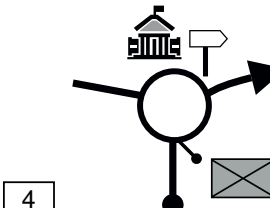

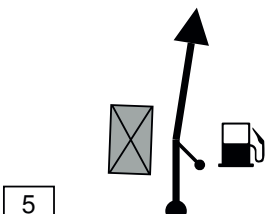

**FINISH**  
Saignelégier, CH/TC 1 B

### WARNING!!!

**THIS ROUTE MAY BE DANGEROUS. FOLLOW THIS ROUTE AT YOUR OWN RISK.**

Conditions change over time. Route leads to remote areas many miles from help. This is not a "closed" course. The route crosses and travels on public roads and highways where other vehicles, pedestrians, and animals may be present. Some hazards are identified here, for illustration purposes only, but most hazards are not identified or marked. Information provided is approximate, and should not be considered precise. Obey all laws and use caution at all times. If signs, maps, or other indicators suggest the route travels into closed, illegal, private property, or otherwise restricted areas, this roadbook should not be followed into such areas.

**RALLY NAVIGATOR IS NOT RESPONSIBLE FOR THE ACCURACY OR SAFETY OF THIS ROUTE.**

### WARNING!!!

**THIS ROUTE MAY BE DANGEROUS. FOLLOW THIS ROUTE AT YOUR OWN RISK.**

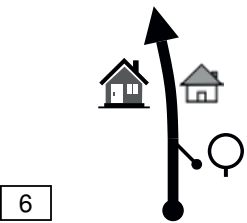

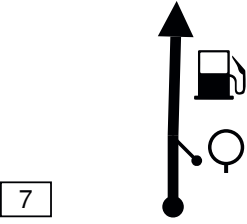

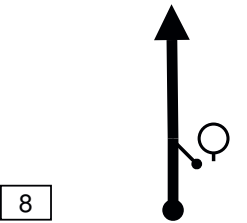

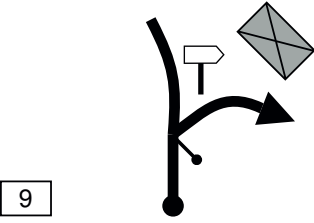

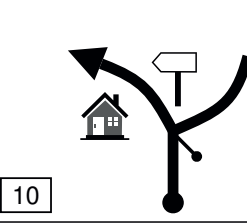

Conditions change over time. Route leads to remote areas many miles from help. This is not a "closed" course. The route crosses and travels on public roads and highways where other vehicles, pedestrians, and animals may be present. Some hazards are identified here, for illustration purposes only, but most hazards are not identified or marked. Information provided is approximate, and should not be considered precise. Obey all laws and use caution at all times. If signs, maps, or other indicators suggest the route travels into closed, illegal, private property, or otherwise restricted areas, this roadbook should not be followed into such areas.

**RALLY NAVIGATOR IS NOT RESPONSIBLE FOR THE ACCURACY OR SAFETY OF THIS ROUTE.**

                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   | Cornol                |  | 53.68 km |             | SECTION |                  | 2 |
| SPECIAL STAGE     |         |   ## CH/TC étape 2, section 3, 4B et 4C

### Etape 2, section 3

**134**  
Kilometers

**185**  
Waypoints

**134**  
Fuel Range

Sans indications complémentaires, suivre toujours les routes indiquées.

**START**  
Saignelégier, CH/TC 4 C

**FINISH**  
Saignelégier, TC/CH 7A

### WARNING!!!

**THIS ROUTE MAY BE DANGEROUS. FOLLOW THIS ROUTE AT YOUR OWN RISK.**

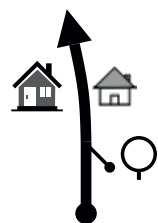

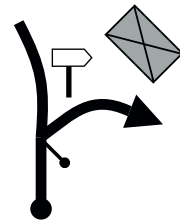

Conditions change over time. Route leads to remote areas many miles from help. This is not a "closed" course. The route crosses and travels on public roads and highways where other vehicles, pedestrians, and animals may be present. Some hazards are identified here, for illustration purposes only, but most hazards are not identified or marked. Information provided is approximate, and should not be considered precise. Obey all laws and use caution at all times. If signs, maps, or other indicators suggest the route travels into closed, illegal, private property, or otherwise restricted areas, this roadbook should not be followed into such areas.

**RALLY NAVIGATOR IS NOT RESPONSIBLE FOR THE ACCURACY OR SAFETY OF THIS ROUTE.**

                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                | Saignelégier, regroup. |          | SECTION     |          | 3 |              |                  |   |
| SPECIAL STAGE     |         |  ## CH/TC étape 2, section 4, 7B et 7C

### Etape 2, section 4

**12**  
Kilometers

**58**  
Waypoints

**12**  
Fuel Range

Sans indications complémentaires, suivre toujours les routes indiquées.

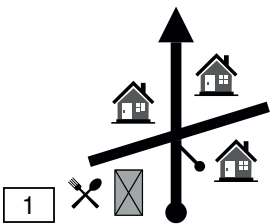

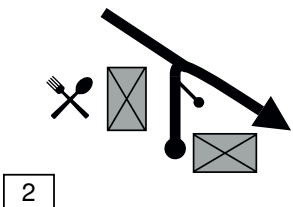

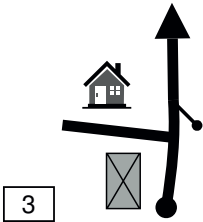

**START**  
Saignelégier, CH/TC 7C

**FINISH**  
Saignelégier,  
Arrivée finale

### WARNING!!!

**THIS ROUTE MAY BE DANGEROUS. FOLLOW THIS ROUTE AT YOUR OWN RISK.**  
Conditions change over time. Route leads to remote areas many miles from help. This is not a "closed" course. The route crosses and travels on public roads and highways where other vehicles, pedestrians, and animals may be present. Some hazards are identified here, for illustration purposes only, but most hazards are not identified or marked. Information provided is approximate, and should not be considered precise. Obey all laws and use caution at all times. If signs, maps, or other indicators suggest the route travels into closed, illegal, private property, or otherwise restricted areas, this roadbook should not be followed into such areas.

**RALLY NAVIGATOR IS NOT RESPONSIBLE FOR THE ACCURACY OR SAFETY OF THIS ROUTE.**
