# Starting procedure on Sunday - classic

The pit exit will be open for 5 minutes

The countdown 5,4,3,2,1 starts and the exit closes

5 min. board - the race will be declared wet or dry

3 min. board – Put on the helmets. All excepting one mechanic and umbrella must leave the grid.

1 min. board – You have 10 sec. to remove the tire heaters (even in the pit lane!) start the engine and everyone must leave the grid

30 sec. board - no further help is allowed, if the problem persists the motorcycle is quickly pushed into the pit lane

Pole position

Starting grid 3,3,3

# Starting procedure on Saturday- shortened

The procedure will be shortened. For Vintage and Ducati also on Sunday.  
Pit exit opens for 2 minutes.  
After the sighting lap riders stop on grid without accompanied by mechanics.  
As soon as the last rider stops in place :

the continuation is the same for both days

Waving green flag - start of the warm-up lap

Penalty boards will also be shown from here

Race start: the red lights come on for 2 to 5 seconds

The moment of start is when the red lights go out!

# Delayed start

## 01 A problem !

If a problem occurs after returning to the starting grid (engine switched off or something else endangering the start)

## 02 What to do ?

Strongly wave your hand and warn the starter

## 03 What will the starter do ?

If the starter decides to delay the start, the yellow flashing lights come on, the "START DELAYED" board will be shown and the start procedure starts from 1 min. New war-up lap and the race will be shortened by one lap.

## 04 What with the rider ?

The rider who caused the start delay will be pushed into the pit lane, from where he can join the race

**START  
DELAYED**

this board will be used

# Restart of interrupted race

## - quick start procedure

01

In the pit lane the restart time will be shown (led panel) – approx. 10 min. from the red flag

02

Countdown until opening by the boards will be in the pit lane

03

The pit exit opens for **60 sec.**

04

After closing the pit exit remove the tire heaters in the pit lane

05

Only one mechanic is allowed on the grid, finds and shows the starting position and leaves the grid

06

Grid will be created according to the results of the first part

07

Stop with the engine running, on the grill from 30 sec. board

08

Green flag to warm up lap and a new start

# Extra training in case of rain

01

It will be used if none of the runs (training, warm-up, race 1) has been described as „wet“

02

Pit exit before the race will be open for 10 min. (saturday 5 min.) and the opening time will be deducted by the boards 10,5,4,3,2,1

03

Riders can ride more sighting laps during this time, but only through the pit lane. It is forbidden to cross the starting grid.

04

The classic starting procedure follows

05

If the rain occurs during the race or the starting procedure and point 1 is valid - the riders enter the PL and deduct 5 min. to the opening - continues from the point 2

06

Refuelling is allowed only in pit lane

If this penalty is given, such a board will be shown at the starting line with the rider's number and the number of places he must give up. The board is shown a maximum of 5 times. If the driver does not do so, he will be penalized with a "ride through" penalty. In the event that there are not enough laps left until the end of the race, and the driver has not yet executed the penalty, the penalty will be replaced by a time penalty of 10 seconds.

**drop of position**

**RIDE THROUGH**

If the driver was penalized "ride through", he is obliged to drive through the pit lane without stopping at the mechanics. This board will be shown on the starting line a maximum of 5 times. If the penalty is not carried out a black flag will follow. If there are not enough laps left until the end of the race and the driver has not yet executed the penalty, the penalty will be changed to a time penalty of 30 seconds.
