

FAST CHECK IN

Step 1 **REGISTRATION**

Please all participants with their printed documents to step 1 registration. Please also let us know your current start number so that we can assign you faster.

It is important to read the disclaimer carefully in advance and to sign it properly.

The Welcome Package will be handed over to all participants at Step 1!

Station 2 **GPS TRACKER**

After you have received your Welcome Package, it is now time to receive the GPS tracker for locating all riders.

The tracker is installed on your motorcycle or on your body. Our team will familiarize you with the installation and the device.

Station 3 **TECHNICAL SCRUTINY**

After you put the start number on the motorcycle and properly installed the GPS tracker, you can now go to the technical inspection.

Our team checks the overall condition of the motorcycle as well as the first aid kit, on-board tools and GPS tracker function.
