A) Amendments to the Supplementary Regulations of the Rally

7. TYRES

7.2 Quantity of tyres

The maximum number of tyres for the rally (including Shakedown) is 36 for Rally1 cars, **30 for Rally2 cars** and 26 for all other cars. In accordance with Art. 13.2.5 of the 2025 FIA WRC Sporting Regulations the maximum number of tyres of the alternative choice for all 4WD cars **except Rally2 cars** is either 8 or 12.

The FIA must be notified at wrc-technical@fia.com before the start of the Shakedown (7:56 hrs on Thursday, June 26) of the number of tyres of the alternative choice that the competitor wishes to use (P1 competitors must notify of their choice by Tuesday, June 24, 18:00 hrs). Alternative compound tyres are not required to be used in Shakedown.

This choice neither increases nor decreases the maximum number of tyres for the rally. If the competitor wishes to have 12 alternative compound tyres for use in the rally instead of 8, the number of tyres of the first choice will automatically be reduced by 4 tyres.

For Rally2 cars, only the following tyre package per car is available:

- **26 tyres of the First Choice**
- **12 tyres of the Alternative choice**

9. RECONNAISSANCE

9.5 Reconnaissance over SS1

Reconnaissance on SS1 EKO Athens Super Special Stage can be done only by foot or using a scoot or bicycle at 14:00 - 17:30 on Thursday, 26 June 2025.

12. OTHER PROCEDURES

12.4 Ceremonial Start and the running of EKO Super Special (replace with the following)

The Ceremonial Start will take place on **Thursday, June 26 at 17:45** from Athens.

A Media Zone will be organized before the holding area of the start ramp. Access to this area is limited to the media and officials, holding the appropriate pass.

A holding area will be organised before the start ramp. Either at the Media Zone, or at the holding area, repairs or any assistance will not be allowed. Crews must follow marshals' instructions to enter the holding area prior to their due start time.

Start list for Section 1 will be published on Thursday, June 26 at 13:00. After the start from TC 0 the crews are neutralised and they are required to check in at TC 1 at their due time according to the list which is published as a COC Communication also on Thursday, June 26 at 13:00. Any difference between the actual check-in time and the due check-in time shall be penalised in accordance with Art. 44.2.10 of the 2025 FIA WRC Sporting Regulations.

Crews are required to follow marshals orders when parking their cars in front of TC 1. Crews are allowed to work on the cars using only tools and parts carried in the car.

12.9 Remote Service Zone

...

Service vans may enter parking P1 or P2 only when instructed to do so by the marshals ~~30 minutes before their rally car due time at TC 4B~~. Service van must depart parking P1 or P2 latest 10 minutes after their rally car. Parkings P3 and P5 are reserved for service vans waiting their entrance to parking P1 and P2. Parking P4 is reserved for officials.

A specific, **indicative** time schedule for service vans will be published in a COC Communication.

12.11 Restart after retirement (add)

Due to the remote location of the overnight regroup after Section 1, notwithstanding Art. 55.1.1 of the 2025 FIA WRC Sporting Regulations, retired and restarting cars of priority drivers may also be repaired at the Tyre Fitting Zone in Loutraki, once authorised by the FIA Technical Delegate.

12.13 Water distribution

The organisers will provide water to all crews only for their consumption at the finish of all special stages.

Before the start of sections ~~3~~ **6 and 8**, crews are allowed to bring drinks and install "camel bags" in their cars in the parc fermé using only tools carried in the rally car.
