

IMPORTANT MESSAGE TO ALL COMPETITORS / SERVICE CREWS.

REFUEL ZONE

Refuel will only be permitted in the refuel Zone area which will be located at the exit of the service area each day.

Also, refuel hand pump equipment cannot be removed from refuel zone and taken back to the service area at any time.

Fuel containers / barrels of any sort are not permitted in service area and will have to remain in the refuel zone for the duration of the event.

In this year's event we are providing 2 top class service areas for you to do service in. We as organiser's need to ensure that we protect these service areas and leave them in the condition we got them in.

The club made the decision to flag this early as we are aware you that you all have to pre plan and order your fuel weeks ahead of the event.

THERE WILL BE A VERY STRICT POLICY IN PLACE IN REGARD TO FUEL AND WE ASK YOU TO PLEASE RESPECT THE CLUBS REQUIREMENTS.

Regards,

Dermot Healy
Clerk of the Course
