

MISSOURI OZARK RALLY CANCELLED DUE TO FLOODING

STEELVILLE, Mo., July 10, 2026 — Organizers for the Missouri Ozark Rally (MOR)—an American Rally Association-sanctioned regional stage rally scheduled for Saturday, July 11th—today announced that the event will be cancelled due to historic rainfall and flooding in the area.

The event, run annually on closed public roads near the Mark Twain National Forest, approximately 90 minutes southwest of St. Louis, was set for a 61-mile itinerary with five Special Stages, but due to flooding and damage to bridges and other infrastructure, the organizing committee, 100AW Performance Rally Group, has determined that the event cannot be conducted safely.

Entry fees for the teams registered to compete in this year's rally will be refunded. Alternatively, teams may elect to donate their MOR entry fees to community relief efforts via the 100AW Performance Rally Group.

Rally volunteers are being asked to assist with local relief and clean-up efforts and will be contacted by the MOR Volunteer Coordinator.

Additional information will be shared as it becomes available. In the interim, for urgent matters, please contact MOR Event Chairman Chuck Renner at chuck@100AW.org.
