Dear Paul Westwick,

As per your Traffic Control Request – dated September 7, 2026, and associated ‘Event Plans Notification Package’, including safety plan & insurance, I approve your request to conduct intermittent traffic control along Swakum Mountain FSR (branch 8071.01) from October 16-17, 2026.

Good morning. As per our discussion earlier and this morning, here is what I believe is the information you require in order to authorize the closure of the FSR. Please let me know if you would like to discuss any of the above details and I will make myself available.

Thanks so much.
