

Important notes before rally

- there will be virtual noticeboard via Sportity application, password for access is: dasu
- filled out speaker info sheet (sportity app) must be send the latest on the 14th of august incl. a picture of the car
- due to environmental focus please make sure you throw your garbage in the correct bins on the service area.
- shakedown will take place Friday between 18.00 – 20.00 in the city center of Juelsminde.
- recce of shakedown is between 15.00-16.00
- shakedown drivers will be asked to do 2 runs with guest of the organization
- there is no start order selection for shakedown Friday and no limitations. Though will Ib Kragh be starting the shakedown at 18.00 with the mayor of Hedensted commune as codriver
- there is no remote service for shakedown – all in service with 6kg approved fire extinguisher
- don't forget to install RS Lite application for recce tracking ; It is recommended to have one special phone only for this application during the recce ; phone must be always on good position with good GPS signal, check few times during the recce that all works ok. Password will be handed out at admin check.
- max speed on stages during recce is 80 km/h – 50 km/h in cities and on the gravel sections
- for recce are allowed only E- or DOT- approved homologated road legal tires ; retreaded tires are forbidden !
- it is not allowed to do recce in your rally car
- On stage Bjerre there will be placed a straw bales in the crossroad between Ustrup Skovvej/Thyrsmindevej to narrow the road + around 700m later there will be placed a straw bale for safety reasons on the outside of the corner.
- Chicanes on the stages will be straw bales, while the chicane at the Juelsminde city stage will be barrels filled with water
- time cards will be given at admin checks for own use – rally safe will be used for check in at all time controls.
- refueling will be allowed in own service area only with approved fire extinguisher
- during refueling, competitor is responsible to parc on the ground protected with environmental mat
- there is remote refuel Saturday at: 10.41 during transport between SS5 og SS6 and at 13.06 during transport between SS8 og SS9.
- don't forget to follow usual safety things which are checked by FIA - correctly working fire extinguisher system with removed safety pin and correctly positioned switch, correct wearing of balaclava, correctly tightened helmet
- be sure you have rally clothes in good condition - without holes, with proper signs
- don't forget to have space on the door for starting number and organizer advertisement
- don't forget that you must have in a car TWO fire extinguishers, at least one of them must be high voltage compatible; for more info here in article 7.3 - <https://t.ly/fSYHV>

- each car must be equipped with first aid kit and one reflexive triangle
- don't forget that all documents are only online, normal roadbook you will receive printed **only** in case you have ordered it online.
- keep belts and helmet strapped and gloves on until passing the stop sign after finish on stages
- service area is at the Harbour in Juelsminde, also parc ferme.
- tire warming is prohibited on public roads
- it is strictly forbidden to wash cars or trucks inside service area
- permitted early check-in: TC12A Finish IN, TC12B Finish OUT og TC12C Parc Fermé IN
- price giving and dinner will be at Juelsminde Camping/vandrehjem (Headquarter) at 19.00
