

FIA EUROPEAN HILL CLIMB CHAMPIONSHIP - Round No. 9
SAINT URSANNE – LES RANGIERS (CHE) – 15-17/08/2025

ORGANISER: ASA St-Ursanne les Rangiers

ASN: Auto Sport Suisse

Date: 15/08/2025

Time: 19:30

DECISION No. 1

Attachement: 0

Document No.: 2.1/ No. of Pages: 2

FROM: The Stewards

TO: Competitor Gaume Racing Club / Driver Corentin STARCK

Car No: 53 Group: Cat. 2 Group P1 (Proto 1)

The Stewards, having received a report from the FIA Technical Delegate, have considered the following matter, determine the following:

Driver and car No: 53 Corentin STARCK

Competitor: Gaume Racing Club

Time: 17:00

Session: During initial scrutineering

Fact: Car is not fitted with the mandated RPM data logging system

Offence: Breach of Article 10.1.1 of the Sporting Regulations FIA European Hill Climb Championship - Category 2

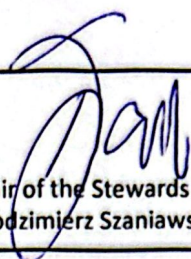

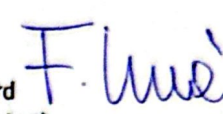

Decision: A fine of 250 €, which is suspended until the end of the 2025 season, subject to no further breach of the car not being fitted with the mandated RPM data logging system, is being imposed.

Reason: All the cars must be fitted with a data logging system approved by the FIA, able to provide the engine speed value. The data logger must be installed in strict compliance with the relevant instructions and must always work during the competition. It is the responsibility of each competitor to ensure that the system is working properly. According to the FIA Technical Delegate Report a data logger was not fitted on the car. Therefore the Stewards determine that a breach of regulation has been committed.

Thereafter, the Competitor had to install a datalogger delivered by the FIA Technical Delegate and the car was re-scrutineered, therefore the Competitor is allowed to participate in the event. Considering that it's the first infringement, the fine will be suspended.
