Map Ref: NY 65874 87231

What 3 Words: infants.body.cringes

GPS: 55.17817, -2.53739

This location is opposite the Leaplish Waterside Park

Please arrive in plenty of time for registration.

The Convoy will assemble at this location from 07.30 hrs with the intention to commence the convoy at 08.00 hrs.

Tracker Issue will be at the Car Park prior to leaving.

There will be a supervising car every 10 vehicles. Therefore one at the front, one every 10 cars, then one at the rear of the convoy.

Supervising cars will be equipped with yellow beacons, and be equipped with Motorsport UK Safety Radio's. In addition a Stage Recovery unit will follow the convoy in case of breakdown.

Forestry England have agreed to a strictly controlled recce allowing a maximum of two passes per competitor with a Maximum speed on all forest roads of 30 mph.

Please be aware the roads are NOT closed to normal forestry traffic, so please take care.

Running Order will be as close as possible to seeding order.

Each Car will follow the previous car into the stage after a gap of 20 seconds.

This gap should then be maintained as much as possible. Any crew 'holding back' to leave bigger gaps will be reported and may be penalised.

Other than an emergency, cars should not stop in the forests

Fuel

Card only fuel pumps are available in Kielder Village and Newcastleton Village offering both Diesel B7 and Unleaded E10 fuel.

Food

Newcastleton Village does have a number of small shops where sandwiches and drinks can be purchased

Chicanes

Please note that not all of the chicanes will be fully built, but the outside bale will be in place in all circumstances

Stages

The stages will be undertaken in the following order:

SS 4	Chirdonhead	1 st Pass
SS 4	Chirdonhead	2 nd Pass
SS 3 & 5	Buck Fell	1 st Pass
SS 3 & 5	Buck Fell	2 nd Pass
SS 1	Ash Park	1 st Pass
SS 1	Ash Park	2 nd Pass
SS 2	Kershope	1 st Pass
SS 2	Kershope	2 nd Pass

Route

This Recce Book shows the whole route to be covered from Greenside Car Park to undertake the stages above in the correct order and then return you to Carlisle H&H Auctions, Borderway Mart.

The Stage routes are within your road book, you will receive your hard copy at recce registration.

Breakdowns

On a road section, in case of a minor breakdown (such as a flat tyre) that can be fixed by the crew, and the recovery unit at the rear of the convoy will assist as necessary and will remain with the crew until they are mobile again and follow them into the next stage. If the breakdown is of a more major nature, the crew will be expected to call their service crew to come and collect them and the car. It is unlikely that the crew will be able to re-join the convoy

If the breakdown occurs on a Special Stage, then the procedure for a minor event will be as for a road section. If it is of a more major nature, and cannot be corrected by the crew, then the recovery unit will be deployed to recover the vehicle to the nearest public road. As this may take some time it is unlikely that the crew will be able to re-join the convoy.
