Art. 8.2 Documentation on Event

8.2.1 Competitors are reminded to bring all their usual, required documentation to the event (see list below). Production of these items for examination may be requested by an event official at any point throughout the duration of the rally.

1. Competitors Entrants licence if not entered by a named crew member
2. Driver's and co-driver's competition licences
3. Driver's and co-driver's valid driving licences
4. ASN authorisation for foreign competitors (if required)
5. If using your own Road Traffic Insurance, details must be provided (if not previously submitted)
6. Car registration papers

7. Paper copy of MOT certificate

8.2.2 If either Driver or Co-driver has any particular medical details, then such details should be enclosed in a sealed envelope addressed to the Chief Medical Officer and handed to an official upon collection of the rally pack (if not previously sent to the Secretary of the Meeting).

Art. 10.7 Fuel

Due to circumstances beyond our control (force majeure) there will now be no **Refuel Zone**.

SRSR Annex P (A & B applicable)

Re-fuelling is permitted in the Service Area, this should be the last operation to be carried out before the vehicles leave. The vehicle should be off any support stands, have all four wheels on the ground, have all other work ceased and must have no occupants, e.g., driver, navigator, service crew, when re-fuelling commences. All sources of ignition must be removed from the area, the engine switched off, and an appropriate fire response should be prepared.

Ideally re-fuelling should be by hand pumping, rather than from handheld containers. If fuel is dispensed from handheld containers a suitable spout for pouring must be used. Open pouring from handheld containers with or without the use of a funnel is not permitted.

Containers should comply with the relevant British Standard, should be marked "Petroleum Spirit-Highly Flammable" and be kept away from any source of ignition.

All empty containers should be removed from the venue after the event.

Petrol is to be used as fuel only, not for any other purpose. All vehicle re-fuelling is to take place in the open air. Smoking and any other sources of ignition, including live electrical items, must be prohibited and a safe area should be enforced with an operative on standby with a fire extinguisher.

Refuelling operatives, including those standing by with fire extinguishers, should ensure they are wearing protective clothing, including gloves and eye protection.
