

## Competitors Advice for Obtaining a VicRoads UVP

Hopefully the following advice will assist in obtaining a short-term UVP for the Gippsland Rally.

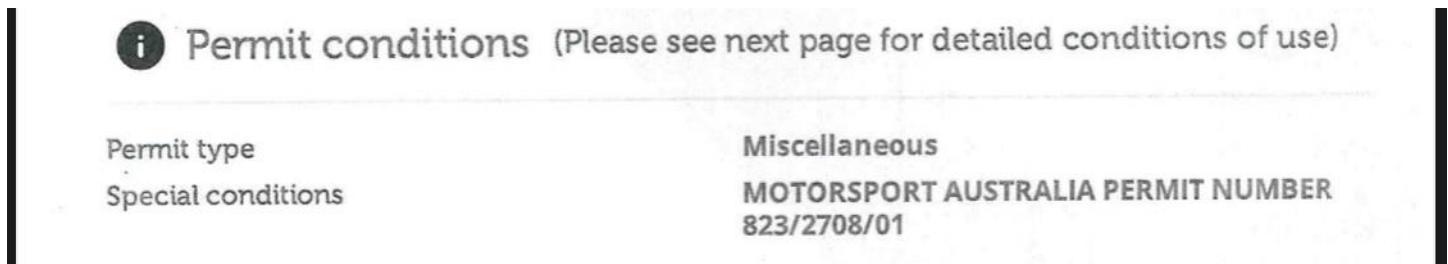

For interstate competitors, you'll need to make contact with VicRoads, either by phone 13 11 71 or 03 8391 3216.

Don't apply for a standard Unregistered Vehicle Permit (UVP) via the online form because this won't let you use it for rallying.

You want to ask for a **Miscellaneous UVP**. If the customer service person tries to direct you to a Rally Permit Scheme, tell them you are an interstate competitor and only need a short-term UVP, and the Rally Permit Scheme is not what you need, as this is a 12-month Plated Permit for Victoria Competitors only.

Make sure you get this wording under the special conditions.

2024 Event Permit Number: **824/1108/01**

*Example from 2023*

Please make sure you get **all days** you want use the rally car on the road, including if you want to drive it for pre-event testing and for days after the event i.e. to drive to a car wash.

Victoria Police are not lenient on an expired permit
