52	Recce	559539 Brock JAMIESON	Sarah GAWEN	RecceLite	Toyota Starlet EP91
53	Recce	819052 Darren SWEENEY	Paul SEXTON	RecceLite	Subaru Impreza WRX
54	Recce	367312 Brian CRONIN	Aaron MAHONY	RecceLite	Ford Escort mk2

RS Lite Usage for 2023

The free app is available on the Google Play and Apple App store. Competitors are responsible for having a device capable of using the app with GPS tracking and a battery lasting the entirety of the race. Considerations should be made to make sure the phone or tablet can be charged and there are no 3rd party applications that may disable GPS tracking.

QR CODE FOR BOTH HERE:

(Google Play Store)

(Apple App Store)

When you arrive and check in at the event, each car number will be given a unique code to enter into the app.

Main Screen when app is opened. Click "add event".

Enter unique code.

Click add event.

Click accept invite.

📍 14 Short St, Ulverstone
TAS 7315, Australia

Click start tracking when beginning recce.

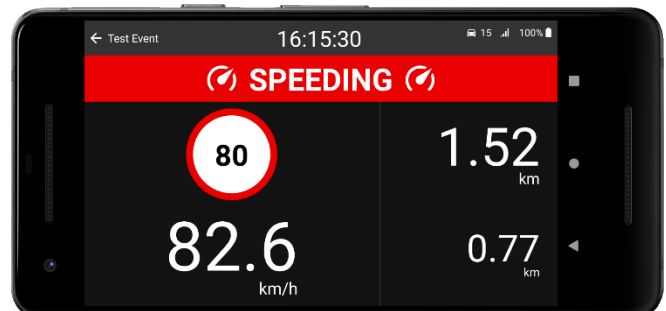

Main Screen when tracking.

When logged into the event with your code, the main screen will display your current speed and two odometers. Each odometer can be reset by pressing the odometer.

As you arrive to a stage, the screen will display the maximum KPH allowed, along with the odometers and your current speed. If you exceed the allowed speed limit, a red bar speeding message will be displayed at the top of the screen.

80kph is the speed limit.

Note the speeding message.

When you begin recce, the application must be active on your phone and stay active during transits and while on stages. The phone can be used for other uses such as texting, navigation, etc. but should stay on the RS Lite app as much as possible during transits and at all times on stages. Your position, speed, and direction of travel will be monitored during the recce period.

Additionally, if the app is forcefully disabled on stage, a report is generated and may result in an infraction being applied. With privacy concerns in mind, the app does not track or send data if it is not active on the screen. Because of this, competitors must make sure the app is active during recce. If the app doesn't report for an extended period of time during the recce, an alert is sent to the monitoring system.

Questions can be directed to info@statusas.com
