TO: All Competitors

1) License Verification Overview

The **WOLF platform** enhances Competitor Driver and co-Driver certification by introducing a **mandatory license verification process**. All Competitors, Drivers and co-Drivers entered in an event must confirm that their Motorsport Australia and Civil **licenses are current and free of suspensions** since their initial entry submission.

How It Works:

- **24-48 hours before the event start date**, each Competitor, Driver and co-Driver will receive an **SMS with a verification link**.
- Competitors, Drivers and co-Drivers must confirm that their **licenses remain valid and current** at the time of the event.
- **Until verification is completed, your entry progress will temporarily drop from 100%.**

Important:

Failure to complete the verification process **may result in event officials making a report to the Stewards which could result in a penalty which could go as far as prohibiting you from commencing the event.**

If you experience any issues with verification, please contact the **dedicated WOLF onsite representative at the event** as soon as possible to resolve the matter.
