

Proposed Helicopter landing sites.

Proposed Helicopter landing site(s) are to be identified and added to the safety plan. GPS co-ordinates to be included with the location. These areas should be a large open area, such as an open field ~~or a GAA/Soccer pitch~~, with no overhead obstacles, such as trees or power lines, to allow a helicopter to land. These are only proposed landing site. The helicopter crews on the day if called will have the final say on where they land. Please also include map and written instructions from the venue to the helicopter landing site, to include distances and approximate driving time.

The GPS coordinates should also be highlighted in, **BOLD RED LETTERS**.

Below is the sign that should be used to identify the proposed landing site area.

A Map showing where the proposed helicopter landing site is below on **Page 7**.

There will be a section approximately 50 meters in from the Entrance Gate, clearly marked to signify a potential landing site.

GPS Co-Ordinates: **53.549789 -6.433516**
