

2026 Kubota Olympus Rally Presented by Dirtfish Recce Instructions

Recce Schedule:

Wednesday April, 15, 2026: 1100-2000

Stages Taylor Towne, Stillwater and Wildcat will have a late start and not open until 1500 due to active forestry operations.

Shakedown stage recce will only be held on Wednesday from 1300-2000. Only teams signed up for shakedown will receive route information with payment for Shakedown during registration.

Thursday April, 16, 2026: 1200-2000

Stages Taylor Towne, Stillwater and Wildcat will have a late start and not open until 1500 due to active forestry operations

This schedule is subject to change dependent upon last minute changes to logging and other landowner activities on the stage roads. Any changes to these times will be announced via Bulletin one week before the rally.

Competitors are only permitted on the stage roads and inside the landowner's gates for those roads during the designated times. Do not drive past the gate to the start of a stage before the designated start time for recce on that stage road. Do not start recce of any stage road with insufficient time to reach the end of that road before the end of the designated recce time for that stage.

Recce Rules

During recce, teams participating in recce are reminded that they must:

- a) comply with ARA RCR 1.2.1
- b) not exceed the posted speed, or 30 mph, if not posted
- c) be alert to the possibility of oncoming traffic at ANY time
- d) not do anything during recce that would reflect poorly on rally
- e) comply with ARA Bulletin 2025-3 and use the RS Lite smartphone app during recce

Behavior During Recce

Recce and poor behavior of competitors during recce are among the largest risks to our continued access to the stage roads. Be respectful of the communities through which our event travels.

Sections of road designated as Quiet Zones in the Route Book are also to be treated as Quiet Zones during recce.

- Transit TC0-TC1, route book pg. 13,14. Instruction #: 24-25. 10MPH
- Transit Stop 1,2 - TC 2,4, route book pg. 19, Instruction #: 1-4. 20MPH
- Transit TC2C-TC3, route book pg. 36. Instruction #: 9-10. 10MPH
- Transit TC4B-TC5, route book pg. 39-40. Instruction #: 5-7. 20MPH
- Transit TC7C-TC8, route book pg. 78, Instruction #: 8-10. 20MPH
- Transit TC10B-TC11, route book pg. 84, Instruction #: 15-17. 25MPH
- Transit STOP12,16-TC13,17, route book pg. 97, Instruction #: 3-4. 25MPH
- Transit STOP14-TC15, route book pg. 117-118, Instruction #: 17-19. 25MPH

Recce Route

There is no defined recce route. Teams plan their own recce route. More than two passes of each stage are permitted as long it occurs during the recce times listed above.

Take care when using Google Maps or other navigation to find routes between stages different from what is described below. Many of these services provide inaccurate directions via roads that once existed or were once open but now have gates or go through private property.

Teams may follow their own route during recce but are reminded that during competition they must follow the route indicated in the route book (RCR 6.4.7).

Stage Notes

Taylor Towne

Most of the route of Taylor Town was last used in the 2019 Tour De Forest rally. However in 2019 it was reversed running and was a slightly longer version

Wildcat

The route of the Wildcat stage road is mostly the Wildcat stage used in the 2023 Olympus Rally. The differences are there is a new section of road that bypasses the Bulb Farm Road spectator area.

Dayton

The route of the Dayton stage road follows the same route as 2018. The start is slightly moved up to the next junction.

Stillwater

The route of Stillwater stage road is a new combination of roads that have been used in various Stillwater stages in past iterations of the Olympus Rally. Most of this route was used in 2025 Olympus Rally

Nahwatzel Meadows

This route shares parts of cougar meadows used in Olympus 2023 and many different parts of Nahwatzel used throughout the past several years.

Kuhnle

The route of the Kuhnle stage is the same as the Kuhnle Short stage used in the 2024 Olympus Rally.

Deckerville 43

The route of the Deckerville 43 stage is the same as the Deckerville 43 stage used in the 2024 and 2025 Olympus Rally.

Schafer

The route of the Schafer stage is the same as the Shafer Long stage used in the 2025 Olympus Rally.

Mason Lake (PowerStage)

Most of the route of the Mason lake stage was last used in 2023 Tour De Forest called Schumacher Creek. It was also used in 1986 as stage 3 of the Toyota Olympus Rally.

Recce Notes

Once you leave Shelton, the only sources for fuel are the Matlock Store and the Dayton Store. There is food at the Matlock Store, Lake Nahwatzel Resort, Dayton Store, and Tuggs & Chuggs/Buck's Prairie Store (described below).

Depending on your mobile phone provider, your cell phone may not have phone and/or data coverage in the vicinity of the stage roads and transits. Verizon has better coverage in the area than AT&T or T-Mobile.

On recce days, sunrise will be at 6:22 and sunset will be at 2003.

If you need to contact a rally official during recce, call Clerk of Course.

Referenced Locations

Cook Reload

This is a large, open space near the start of the Schafer stage. Last year, it was the location of the remote refuel and tire change zones.

Google Maps Coordinates: 47°14'13.5"N 123°30'53.8"W

Dayton Store

This is a small convenience store and gas station. It is along the transit between Sanderson Field and most of the other stage roads. It is open from 0800 through 2100. The address is 7480 W Shelton Matlock Road.

Google Maps Coordinates: 47°13'36.9"N 123°13'54.7"W

Lake Nahwatzel Resort

The resort has a restaurant on Shelton Matlock Road near Nahwatzel Lake and just east of the start of the Schafer stage road. It is open from 1200 through 2100 on recce day. The address is 12900 W Shelton Matlock Road.

Google Maps Coordinates: 47°14'23.5"N 123°19'41.1"W

Matlock Store

The Matlock Store is located west of the start of the Stillwater stage road, between there and the Deckerville 43 and Schafer stage roads. In addition to fuel, it has a small grocery store and some prepared, "convenience store" food.

Google Maps Coordinates: 47°14'19.0"N 123°24'27.1"W

Sanderson Field

Also referred to a PSIR (Port of Shelton Inactive Runway). This is the location for check-in for Recce as well as Rally HQ and the Service Area. The address is 249 W Sanderson Way, Shelton.

Google Maps Coordinates: 47°14'44.5"N 123°08'55.7"W

Tuggs & Chuggs / Buck's Prairie Store

Tuggs & Chuggs is a tavern, serving cold sandwiches, pizza and maybe hamburgers, and it is next to Buck's Prairie Store. They are on the route to the Andy's Wildcat stage, on Cloquallum Road, just west of the junction with Highland Road. The store is open from 1000 through 1800 and the tavern is open from 1200 through after the close of recce. The address is 13443 W Cloquallum Road.

Google Maps Coordinates: 47°08'04.6"N 123°18'44.4"W
