

Dear Competitors,

We would like to extend our sincere appreciation for the overwhelming response to this year's Olympus Rally. The level of interest and enthusiasm from the competitor community has been extraordinary, resulting in one of the largest entry lists we have ever seen. With this success, however, come certain logistical challenges that impact both participants and organizers.

We respectfully request that any competitor who is currently on the entry list but already knows they will be unable to attend **withdraw their entry as soon as possible**. We have several teams on the waitlist—some traveling internationally—who are depending on early notification in order to finalize travel arrangements and other logistical plans. Timely withdrawals ensure we can facilitate their participation in the event.

We are also actively working to increase the entry cap to **100 competitors** in an effort to accommodate the high demand. Despite this potential increase, we anticipate that several teams will remain on the waitlist. For this reason, maintaining an accurate and up-to-date entry list is more important than ever, and your cooperation in this matter is greatly appreciated.

Our objective is simple: to provide a **full, fair, and competitive field** for all participants. Your support and attention to these entry procedures help us achieve that goal and ensure another successful year for the Olympus Rally community.

Thank you for your understanding and for being a valued part of the Olympus Rally. If you have any questions or require assistance, please do not hesitate to contact us.

Sincerely,

The Olympus Rally Organizing Committee
