EDITORIAL

Nicolas PAYSANT

President of the French Cup

Dear friends,

It is with immense joy and profound pride that I welcome you to this 31st edition of the French Cup, an unmissable event for all synchronized figure skating enthusiasts.

Since its inception, the French Cup has continually evolved to become a leading international competition, bringing together talented teams from all corners of the world. This year again, we will have the privilege of witnessing exceptional performances, reflecting the hard work, passion, and excellence that drive each athlete and coach.

This 31st edition, held in November for the first time due to scheduling disruptions caused by the 2026 Winter Olympics, will once again be an opportunity to showcase synchronized skating, which is followed by an ever-growing community.

31 editions that we owe to all of you: athletes, volunteers, partners, spectators, and sports enthusiasts. Your unwavering support keeps the French Cup alive year after year.

A special thank you to our partners, whose commitment contributes to making this event a success, as well as to the organizing teams, who work with passion to offer you a show that lives up to your expectations.

Together, let's celebrate this 31st edition in style, in a spirit of camaraderie, pushing our limits, and fair play. May this 2025 French Cup remain etched in your memories as an exceptional moment!

To everyone, I wish you a competition full of emotion and an unforgettable experience.

Sincerely,

Nicolas PAYSANT

31 YEARS of history

A DATE

1994

The French Cup, an international synchronized skating competition, has embodied the spirit of sporting rivalry and camaraderie since its creation in 1994.

This event, organized by the Rouen Olympic Club under the auspices of the ISU (International Skating Union) and the FFSG (French Ice Sports Federation), is the worthy successor to the Trophée de la Pomme d'Or.

Today, it has established itself as an unmissable event on the global calendar.

A HISTORIC CLUB

ROC

The competition has been organized by the Rouen Olympic Club since its inception.

Founded over 40 years ago, the ROC is a training center in Upper Normandy where ice skating is supervised by professional coaches.

Internationally recognized for the performances of its skaters, the ROC prepares Novice, Junior, and Senior teams for national and international competitions.

EDITO OF DÉPARTEMENT

Bertrand
BELLANGER

President of the Department
of Seine-Maritime

The Department of Seine-Maritime is proud to be at the side of the Rouen Olympic Club, faithfully at the helm since 1994, for this 31st edition.

On November 28 and 29, the *French Cup* will once again make Seine-Maritime an international mecca for synchronized figure skating. This high-level match is an unmissable moment in the world sports calendar. It is followed and appreciated. Receiving it reveals how attractive our territory is.

Historically, Seine-Maritime has been a gateway to sports in France and has played a driving role in their development.

Today, our department is still a land of sport and a pool of talent, as evidenced by the competitions recently won by our local athletes or past clubs as well as our modern infrastructures.

Making sport accessible to as many people as possible and everywhere guides our action. Each year, nearly 2000 sports associations are financially supported by the Department for a total of 1.5 million euros. It also invests in sports infrastructure. In 2024, nearly 90 pieces of equipment were financed for an amount of 4.5 million euros. It also accompanies more than twenty major sporting events such as the *Perche Elite Tour* or the *Seine Marathon*.

I would like to thank the hundred or so volunteers who, thanks to their indispensable commitment, allow nearly a thousand skaters to compete in sport, grouped into national teams.

I wish them a good competition and all of you who are cheering them on, a great show.

THE PROGRAMME

THURSDAY, NOVEMBER 27

Parade of teams – Departure from « Place du Vieux Marché »
Departure at 6 p.m.

Arrival at « place de l'Hôtel de ville »
6:45 p.m.

Draw at the « Hôtel de ville »
7:00 p.m.

NORMANDY REGION EDITORIAL

Nicolas MAYER-ROSSIGNOL

Mayor of Rouen
President of the Rouen Normandy Metropolis

Dear Madam, Dear Sir,

On November 28 and 29, the Île Lacroix ice rink will vibrate to the rhythm of the 31st edition of the French Cup.

Organised by the Rouen Olympic Club, this competition perfectly embodies the excellence, the beauty of the gesture and the collective spirit that characterise synchronised skating.

For more than thirty years, the French Cup has been promoting Rouen and France internationally. This event has become a real celebration of sport, combining rigour and grace, competition and fraternity. It illustrates what is most essential in sport: to bring people together, to inspire, to emancipate.

With the support of the City and the Metropolis, this event embodies our commitment to the promotion of sport, and in particular women's sport, which has been recognised by the "Active & Sports City" label, which distinguishes our actions for sport accessible to all.

A huge thank you to the volunteers, teams and partners who make this adventure possible.

Warmly yours,

Nicolas MAYER-ROSSIGNOL
Mayor of Rouen
President of the Rouen Normandy Metropolis

FRIDAY, NOVEMBER 28

Flag ceremony 🏁

7:25 p.m.

ISU Junior Competition – Short Program

From 8:00 p.m.

ISU Senior Competition – Short Program

From 8:50 p.m.

NORMANDY REGION EDITORIAL

Hervé
MORIN

President of Normandy

The Normandy Region is proud to once again support the French Cup, one of the oldest international synchronized figure skating competitions. On November 28 and 29, 2025, the ice rink on the Île Lacroix in Rouen will come alive to the rhythm of this emblematic event, organized for the 31st time and which attracts thousands of spectators every year.

By bringing together the most prestigious nations in the discipline and their teams, this competition highlights the ability of our Region to host major sporting events, thus strengthening our influence well beyond our borders. I would like to express my gratitude to the organisers and all the volunteers, whose commitment makes it possible to hold a sporting weekend of remarkable quality. I am pleased to see that skating in Normandy, and more broadly ice sports, continue to show exemplary dynamism and ambition.

Since 2017, €70 million has been invested through territorial contracts to create or renovate more than 160 sports facilities, guaranteeing a lasting legacy for all practitioners. The renovation of the Normandy Sports Centre in Houlgate is an emblematic example: it is now one of the three major French structures open to Normandy leagues and high-level athletes, both French and international.

On the horizon of the 2030 Olympic Winter Games, held in the French Alps, synchronised figure skating and the whole of French sport will have a new opportunity to shine.

The policy that we are developing in favour of Normandy sport is carried out with the aim of continuing to build a Normandy that is ever more sporty and ever more conquering!

Happy competition to all!

Hervé MORIN

President of the Normandy Region

STRONG ACTIONS

Because the French Cup is also, above all, a charitable and inclusive event!

This year, the French Cup is distinguished by a wonderful initiative in partnership with Matmut, which is providing a space adapted to welcome **children hospitalized at CHU of Rouen**. It will be an enchanting interlude for these young spectators, who will be able to escape from their daily hospital routine for the duration of the competition and immerse themselves in the magical world of ice skating.

But the commitment doesn't stop there: **the French Cup and Matmut** will also sponsor a young girl who is passionate about skating, enabling her to live her dream of stepping onto the ice and participating in the French Cup, with the support of the **Make a Wish association**, which makes the dreams of children with illnesses come true.

These moments of emotion and generosity remind us that the French Cup is not only an international sporting event, but also a wonderful vehicle for social connection, hope, and shared joy.

In line with its **Le Sport TRÈS Collectif program**, Matmut supports the French Cup with the shared goal of promoting inclusion through and in sport.

And that's fairer for everyone!

matmut

CAPUCINE

10 ans- Marraine de la French Cup

Originnaire du Calvados et membre du club ACSEL de Caen, Capucine est une véritable passionnée de patinage synchronisé.

Son rêve, formulé auprès de Make-A-Wish, était de rencontrer les équipes participantes à la French Cup.

Cette année, nous réalisons son vœu en lui offrant une immersion exceptionnelle au cœur de l'événement : du défilé des équipes jusqu'aux podiums.

Capucine vivra la French Cup de l'intérieur.

✨ Parce que les rêves les plus sincères méritent de briller sur la glace. ✨
