APPENDIX 5 – DRIVERS' SAFETY EQUIPMENT

All competitors are reminded of Appendix L of the 2026 FIA International Sporting Code (ISC), in particular its Chapter III – Drivers' Equipment. These regulations apply to Shakedown as well.

Helmets (2026 FIA ISC, Appendix L, Chapter III, Art. 1)

Priority 1 drivers and their co-drivers must wear helmets according to the FIA standard 8860-2018 or 8860-2018-ABP. This also applies to all Priority 2 crews competing with a World Rally Car.

All other crews must wear crash helmets homologated to one of the following FIA standards:

- 8859-2015 (Technical List № 49),
- 8859-2024 or 8859-2024 ABP (Technical List № 107),
- 8860-2010 (Technical List № 33) or
- 8860-2018 or 8860-2018-ABP (Technical List № 69)
- see also Technical List № 25

Drivers and co-drivers who wear full-face helmets must contact the FIA Medical Delegate wrc.medicaldelegate@fia.com or the Chief Medical Officer in order to carry out a test before the start of the event. This test is described in the Appendix L, Chapter III, Art. 1.3.

Frontal Head Restraint (FHR) (2026 FIA ISC, Appendix L, Chapter III, Art. 3)

All crews must use FIA approved FHR systems homologated to FIA standard 8858. Approved FHRs, anchorages and tethers are listed in Technical List № 29. See also helmet compatibility chart in Appendix L, Chapter III, Art. 3.3.

Flame-resistant clothing (2026 FIA ISC, Appendix L, Chapter III, Art. 2)

All drivers and co-drivers must wear overalls as well as gloves (optional for co-drivers), long underwear, a balaclava, socks and shoes homologated to the FIA 8856-2018 standard (Technical List № 74).

It is permitted that drivers and co-drivers wear shoes which do not comply with the FIA 8856-2018 standard but are adapted to the weather conditions.

Please pay special attention to the prescriptions of Art. 2 concerning embroidery and printing on flame-resistant clothing (manufacturer certificates etc.) as well as concerning the correct wearing of the clothing elements! See also the 2026 FIA WRC Sporting Regulations, Article 53.1.

Biometric Devices (2026 FIA ISC, Appendix L, Chapter III, Art. 2.1)

Drivers may wear a device to collect biometric data during racing.

- If the biometric device is integrated into a protective garment homologated to FIA Standard 8856, the garment shall be homologated to FIA Standards 8856 and 8868- 2018.
- If the biometric device is a stand-alone device, then the device must be homologated to FIA Standard 8868-2018 only. This device must be worn in addition to the garment homologated to FIA Standard 8856.

Glasses or contact lenses (Appendix L, Chapter III, Art. 1.7)

Only glasses or contact lenses for the sole purpose of correcting eyesight and figuring in the international drivers' licence are authorized.

Wearing of jewellery (2026 FIA ISC, Appendix L, Chapter III, Art. 5)

The wearing of any type of jewellery, such as but not limited to, neck chains, bracelets or watches is prohibited during the competition. Exceptions to this rule, providing the CMO and/or Medical Delegate do not consider that due to size or location they may delay rescue or hinder emergency care, are:

- i. the wearing of watch(es) by co-drivers, on the condition that the watch(es) is worn over the overall,
- ii. the wearing of a single band-style ring providing it does not restrict the natural range of motion of the hand, and
