1 – Definition

The WHR (World Horseball Ranking) is a recognition system based on the performance of a player, horse, coach, club and on the participation of a referee.

Starting from 1st January 2013 all FIHB competitions will be taken in account to establish the ranking lists of International players, horses, clubs, coaches, starting from 1st January 2014 also for referees and Nations, starting from 1st January 2017 the WHR system is opened to National Championships (clubs, players, coaches) and starting from 1st January 2020 the WHR system is opened also to U8, U10, U12 and U14 players.

The ranking lists are established by points gained by Horse-Ball players, horses, coaches, clubs or referees in participating to recognized FIHB event and registered National Championships: they will be automatically ranked in the World International Ranking List.

The period between two consecutive FIHB Seniors Champions League is called FIHB year. For a particular FIHB year, the points gained by each participant are counted starting from the first FIHB competitions or National Championship after the FIHB Seniors Champions League of the previous calendar year until the next FIHB Seniors Champions League (example FIHB year 2019: points are gathered from September 9th 2018 till October 6th 2019).

Those who want to be in the ranking lists for the FIHB current year or in the active n years (n=2...8) have to fulfil the following conditions:

- to be registered to the FIHB paying the fee defined in the par.5 “Inscription fees” or in the par.4.2 “National Championship – inscription fees”;
- to participate to an International event approved by FIHB or to a registered National Championship.

Points attributed depend on the type of International event or National Championship the players participate as specified in par.3 “Point System for International Competitions” or in par.4.1 “Point System for National Championship”; the type of International event is reported in par.2 “Classification of International Competitions” while the type of National Championship is reported in par.4.

The Ranking List started for:

- Players;
- Horses;
- Clubs;
- Coaches.

But from 2014 is opened also to:

- Referees;
- Nations.

From 2017 is opened also for National Championships and from 2020 is opened also to U8, U10, U12 and U14 players.
