Technical Delegate's Report

Before Race 1:

On the starting grid, all cars had mounted their wheels before the 3-minute signal was shown. The tyre codes of all cars were recorded.

After Race 1:

The following cars were weighed and checked for fuel conformity:

N.	Competitor	Driver
7	US Racing	Sammalisto Luka
98	Prema Racing	Cosma Cristofor David
17	US Racing	Savinkov Oleksandr

Fuel samples were taken from the above cars.

The fuel sample was checked for density and analyzed by gas chromatography.

The result of the fuel analysis shows that the fuel was the same as the one, which was supplied by the official supplier at the event.

The front right damper was inspected for conformity on cars number 7, 98.

The front right Ackermann assy and the underfloor were inspected on car number 17.

All the above cars were found to be in conformity with the Technical Regulations of the 2026 Formula 4 Italian Championship.

Francesco Grillo
