Technical Delegate's Report

Before Race 2:

On the starting grid, all cars had fitted their wheels before the 3-minute signal was shown.
The tyre codes of all cars were recorded.

After Race 2:

The following cars were weighed and checked for fuel sampling:

N.	Competitor	Driver
19	Prema Racing	Maccagnani Niccolò
46	US Racing	Bansal Arya
60	PHM Racing	Felbermayr Emma
98	Prema Racing	Cosma Cristoforo David

The fuel density was checked, and the samples were analysed by gas chromatography.

The results of the fuel analysis showed that the fuel samples were found to be in conformity with the reference fuel, supplied by the official supplier at the event.

The floor, the front-left rocker and the front-left dumper spring were checked for conformity on cars No. 19, 46, 60 and 98.

All the above cars were found to be in conformity with the Technical Regulations of the 2026 Formula 4 Italian Championship.

Francesco Grillo
