

2026 MUGELLO EVENT

24th - 26th July 2026

Race Director's Communication n.6

From: The IF4C Race Director
To: All IF4C Competitors; All IF4C Drivers; Stewards' Panel; All Officials

Date: July 24th 2026
Time: 14.10

MAXIMUM TIME SET DURING QUALIFYING

To avoid that cars will not driven unnecessarily slowly, drivers must stay below the maximum time set:

Maximum Time Set: 2'.38".285

Maximum time set will be taken in consideration as follow:

- out laps: from pit exit loop to control/finish loop
- during laps: from control/finish loop to control/finish loop
- in laps: from control/finish loop to pi entry loop

Other than in exceptional circumstances accepted as such by the Stewards, any driver that exceeds the maximum time on ANY lap during and after the end of the qualifying sessions, including in-laps and out-laps, and reconnaissance laps may be deemed to be going unnecessarily slowly. Furthermore this includes the pit lane as well.

Any infringement should be reported to the Stewards and will normally be investigated after the session.
