TRACK LIMIT

Pay Attention!

- infringement will be reported on timekeeping monitors and whatsapp group
- each track limit will be counted even in case they are done in the same lap
- in case of track limit at the last turn the current lap and the following one will be deleted
- during the races, track limits will be counted even if - for force majeure causes (as SC procedure, Incident management and so on) - the warning are not shown on the monitors
- as per art 15.3 of the 2026 IF4C Sporting Regulation time penalties imposed by the Stewards can be served during the races; this will apply also for time penalties imposed for TL infringements

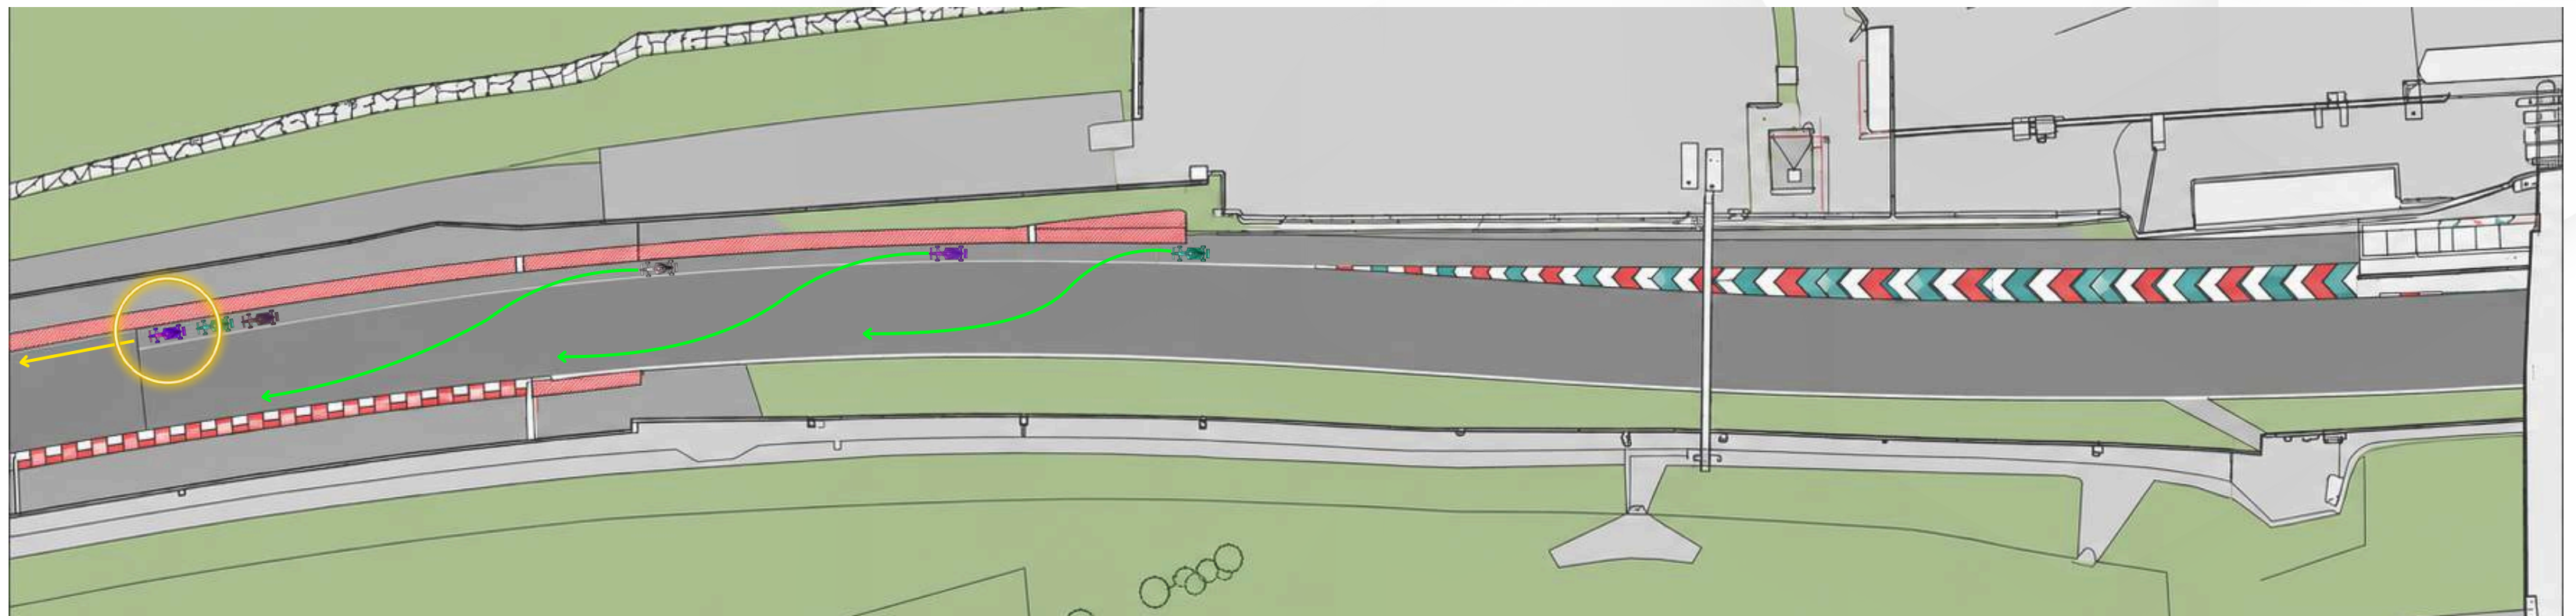

PRACTICE STARTS ZONE - FP

- Practice starts may only be carried out on the pit exit road on drivers' right hand-side taking as reference the painted grid box as reported in the images. For the avoidance of doubt, this includes any time the Pit Exit is open for the free practices.
- Drivers that want to perform practice start can queueing behind the practice zone starts
- Drivers who enter the track from the pit lane have priority over drivers who are making the practice start
- If any free practice is resumed with less than 3 minutes remaining, practice starts will not be permitted
- Practice starts are not allowed within two minutes after the start and restart of the free practice session

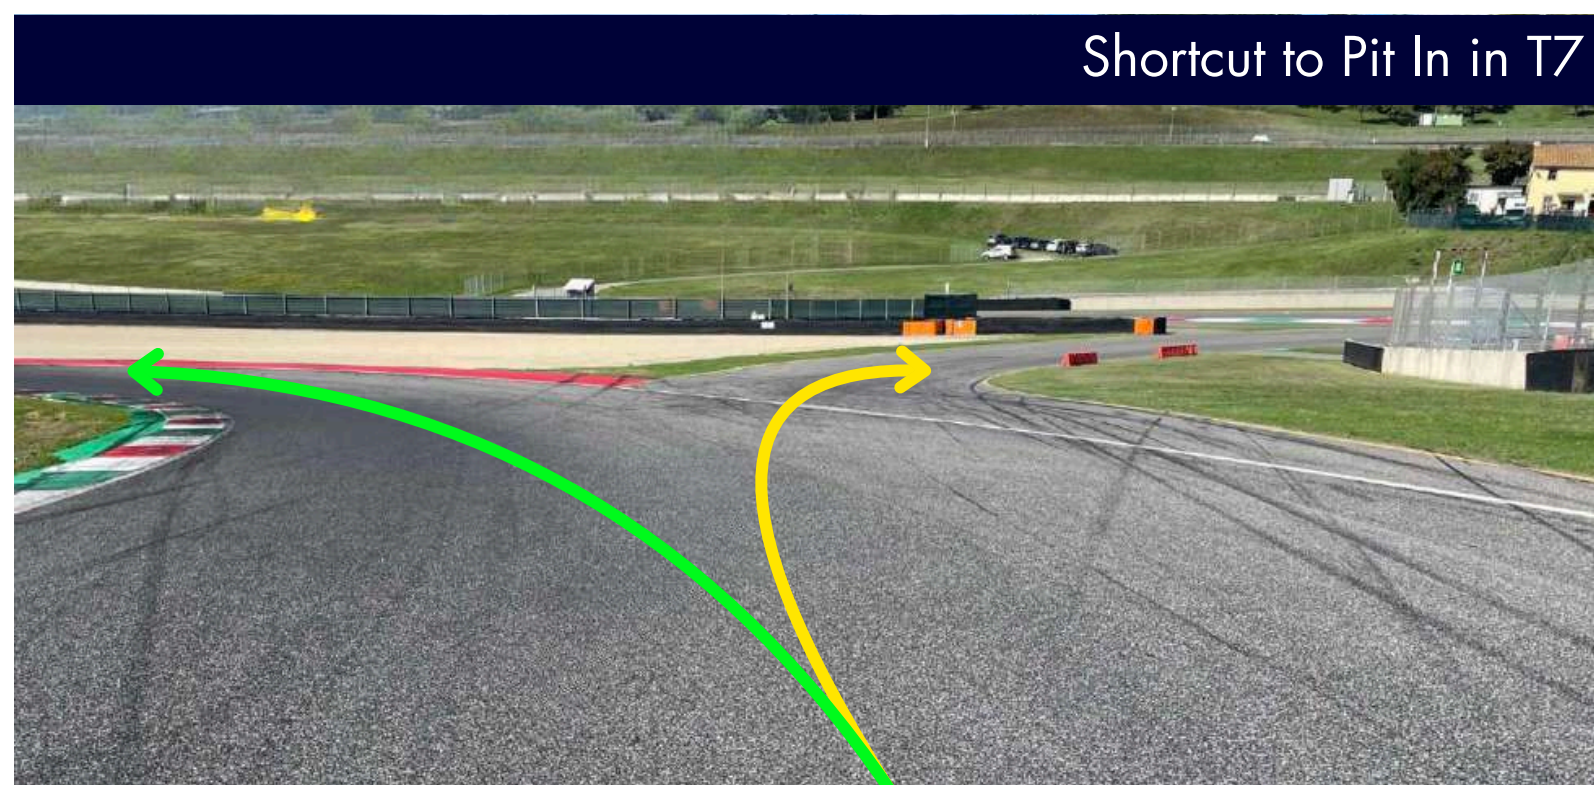

PRACTICE STARTS ZONE - RACES

- Practice starts may only be carried out on the pit exit road on drivers' right hand-side taking as reference the SC Line 2. For the avoidance of doubt, this includes any time the Pit Exit is open for the reconnaissance laps of all races.
- Drivers that want to perform practice start can queuing behind the practice zone starts
- Drivers who enter the track from the pit lane have priority over drivers who are making the practice start
- Drivers that want to perform practice starts must respect the pit exit road and the pit exit line
- Drivers that don't want to perform a practice starts must cross the painted solid white line at the pit exit. Rejoining the pit exit road after crossing the solid white line is not allowed. Any infringement could be reported to the Stewards

SHORTCUT T7 TO PIT IN

Drivers can use anticipated pit in during free practice sessions.

It's forbidden to use the shortcut during Qualifying and Races (reconnaissance laps included). Using the shortcut during Races may lead to the exclusion from the race in accordance with Art 4.3 cap I N.G. - RDSVC 2026, except in case of mechanical failure and/or for safety reasons: in this case the car must stop in front Technical Garage where Scrutineers will check the car. If no mechanical failure and/or safety reasons are noted the relevant driver will be reported to the Stewards.

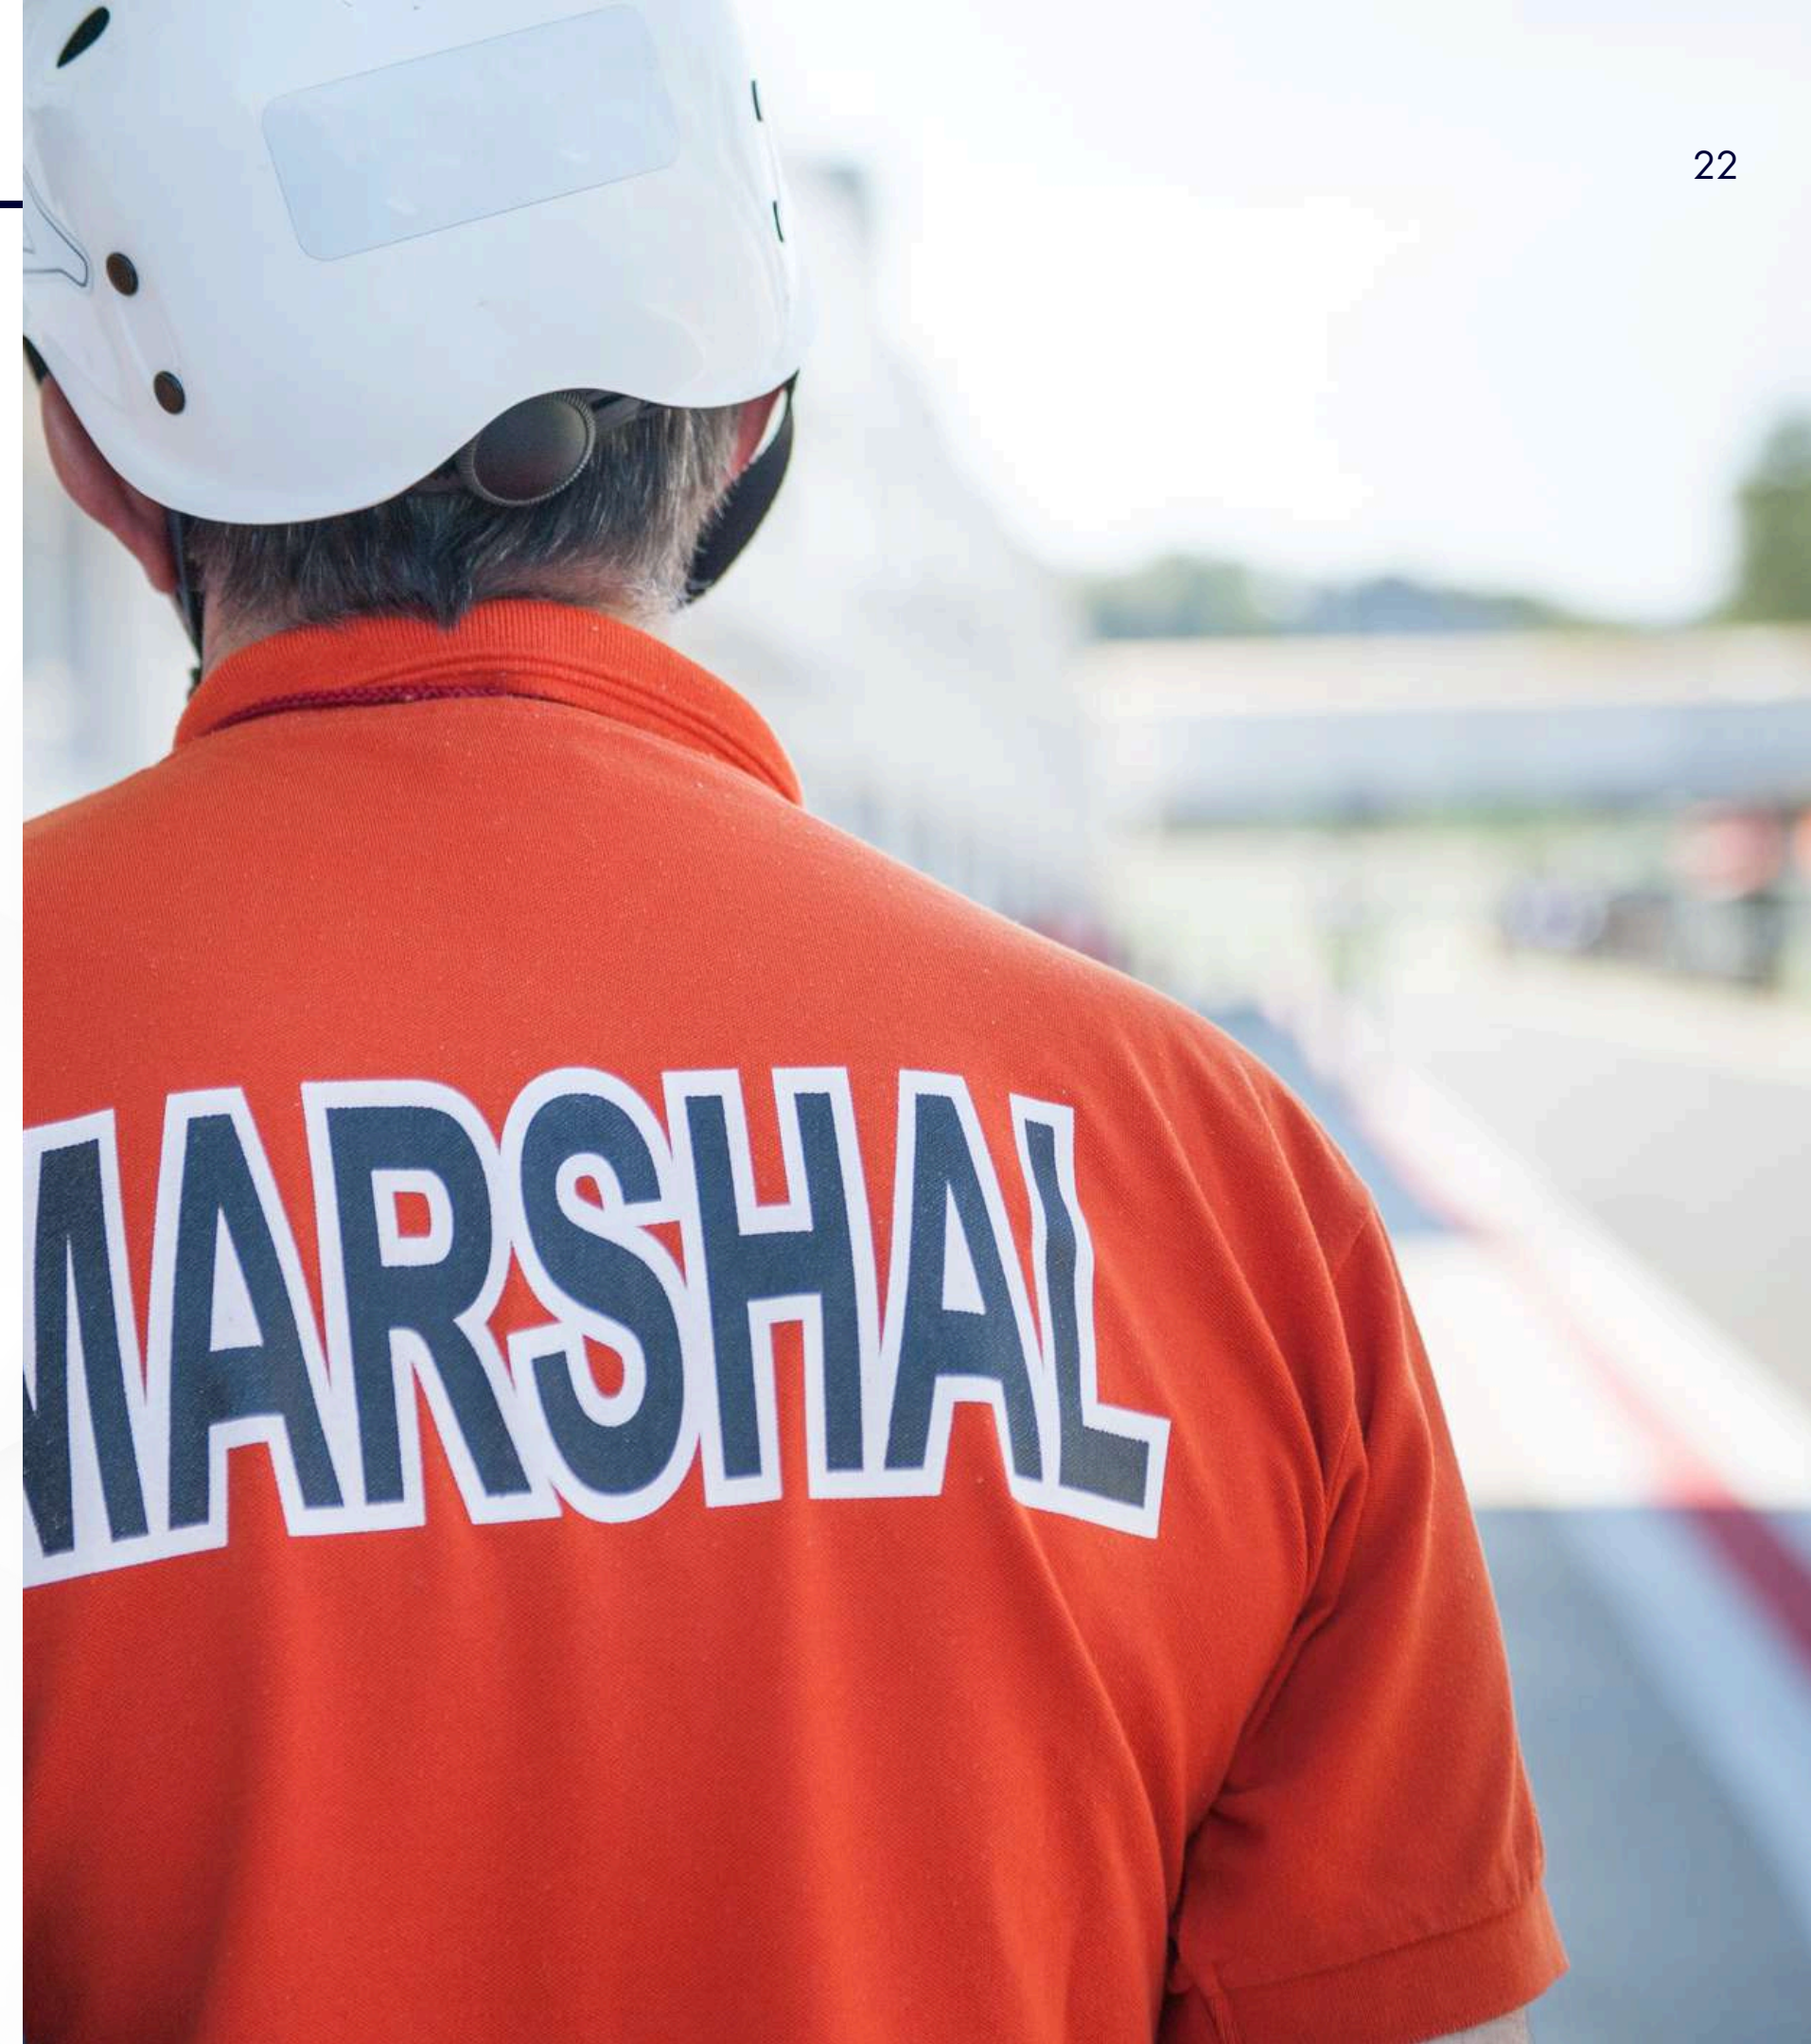

If a Driver use the shortcut to pit in during the formation lap he will start from the pit lane. If a Driver use the shortcut to pit in during the race, even if a technical problem and/or tyre puncture is reported; a time penalty of 2 minutes will be added to the race time.
