ND CIVILS

WHERE QUALITY COUNTS

Nationwide • Dependable • Construction

ND Civils & Groundworks Ltd are a family owned, highly experienced Civil Engineering company with over 30 year's experience in the Civil Engineering & Groundworks sector. We specialise in industrial units, housing developments and commercial retail parks.

We pride ourselves in working closely with our clients. Whether contracts are local or nationwide, we ensure a close relationship is maintained throughout our projects.

A majority of our work is based in the North West of England but we have the capability to work nationwide.

NOTES FOR COMPETITORS

The contents of this Road Book provide all the information necessary to complete the required Road Sections and Stages in accordance with R33. The Tulip Section describes the correct route to be taken and must be followed in order as published.

Red Flag Procedure As per Blue Book R24.4.5. / R25.6.4

On any special stage where extreme circumstances make it necessary to neutralise the competition, for example, where spectator safety is compromised, or to authorise the movement of non-competing or rescue vehicles, the organisers will implement the Red Flags procedure.

Upon seeing a Red Flag you MUST immediately and significantly reduce speed as well as being prepared to stop at any time.

At no time must you overtake any safety vehicle you encounter on the special stage route.

You must then follow the instructions of any marshals and/or stage safety personnel and maintain this reduced speed until leaving the special stage.

Failure to comply with this rule will incur a penalty at the discretion of the Clerk of the Course.

The Road Section. Not all junctions have been included. Where no junction appears in the Road Book, you should continue along the road on which you are travelling. Road signs, Street names and other information are those in place at the time of the initial route survey and may be subject to change. The overall speed between Special Stages has been set to a low average in order to transit safely the built-up areas en-route. Remember that any time taken for roadside servicing (By The Crew) will eat into the Target Time allowed and consequently increase the average speed required. We have appointed Judges of Fact to observe Driving Standards and will apply penalties to any crew who are adversely reported. Please observe all Quiet Zones and Speed limits - we know the Police will!

Special Stage Procedure. On arrival at the Arrival Control you will be given a Start Time for that stage. Note 30.2.3. Competitors must not leave the Special Stage Arrival Control unless ready to start a Special Stage.

Results Queries. A Results Query Form can be found at the back of this book. Please fill out the form and hand in to the Competitor Liaison Officer at Rally H.Q.

Retirements. Please telephone Rally H.Q. with details of your retirement. Telephone No. 01995 262656 We will post any required messages on to the Official Notice Boards. You should also hand in your Time Cards, together with a completed Damage Declaration form (at the back of this book) to the nearest Time Control Marshal, or to a travelling Official, or to Rally H.Q.

SANITATION ARRANGMENTS

In accordance with Blue Book Regulation R2.1.11, the event has arranged for appropriate sanitation to be available throughout the route.

Fixed permanent toilets are available at:

- Rally HQ and Service Area at Myerscough College within the college buildings
- Spectator parking locations at Scorton Steam Fair Ground
- Chipping Showground
- Bowland Wild Boar Park
- Beacon Fell Visitor Centre

In addition, temporary toilets will be hired and sited at or near to:

- All stage arrival controls
- All finish controls
- Spectator areas
- VIP areas
- Some mid point stage locations as agreed with Stage Commanders

Hand washing and sanitising facilities will be available at all of the above locations

First Competitor on Scene

**If the competitor is still in the vehicle and the vehicle is on fire
GET THEM OUT IMMEDIATELY.**

If the competitor is still in the vehicle, is responsive and there is no risk of fire:

Approach from the front, look them in the eyes

Do they seem aware of their surroundings?

Speak to them, ask their name - do they respond?

Any pain, loss of feeling - if yes keep them where they are!

Keep them calm and keep them talking.

DO NOT MOVE THEM UNTIL PROFESSIONAL HELP ARRIVES.

Do nothing else

If the competitor is still in the vehicle, is unresponsive and there is no risk of fire:

Stop any life-threatening bleeding by applying direct pressure/ plugging the wound

Ensure an open airway

Immobilise the head and c-spine (neck)

Check if they are breathing

Treat any non-life threatening bleeding

DO NOT REMOVE THEIR HELMET

UNLESS THERE IS NO OTHER WAY TO ENSURE AN OPEN AIRWAY.

If the competitor is out of the vehicle:

Do not grab hold of them - they might be unaware of what is happening and become combative.

Guide them to a place of safety away from the incident and other competitors.

Speak to them, ask if they are OK?

Keep someone with them.

Once in a safe place, assess them for injuries:

Are they aware of their surroundings?

Any signs of injury / are they experiencing pain?

DO NOT LET THEM WANDER AROUND, BUT KEEP THEM UNDER OBSERVATION

Afterwards please write a short report for the organisers and either hand it to the first control official that you reach or to the Competitor Relations Officer. This report should cover the facts as you know them and include times of the incident starting and when you left the scene; always include your own details so that the organisers can, if necessary, contact you.

For all incidents, please ensure that appropriate safety warning signs, such as the Warning Triangle and SOS/OK Board, are prominently displayed to all following competing cars.
