

RETURN OF GPS/SATELLITE TRACKING EQUIPMENT 2024

It is the responsibility of the competitors/officials/event to ensure all issued tracking equipment is returned to the RBI Sport Tracking Team.

If a competitor retires before the end of the Rally, the tracking equipment should **NOT** be removed if the vehicle is still in a stage. Only when recovered and out of a stage should the equipment be removed if the retirement is permanent. The equipment can be given to the 'Sweeper' if the vehicle is not returning to the Service Area after recovery. At the end of an event, we can be found either within the service area (normally near the TC), or adjacent to the final control, where we will remain until the last competitive car arrives. If, for whatever reason, you are unable to locate us, then we can be found in Rally Control.

The returned of the equipment issued should include:

- **all Competitor tracking equipment and mounts issued**
- **Competitor Satellite Tracker and mount (if issued)**
- **Any cabling issued by us for Competitor trackers e.g. power / Remote SOS**
- **Official vehicle tracker issued**
- **Any cabling issued by us for Officials trackers**

This equipment is expensive and any damage and/or missing equipment will be charged for at the advised rates (*see separate sheet*), which we do NOT want to do, but this will be implemented if the need arises.

If you are unable to locate us during an event for whatever reason, please call Bill Sturrock on +44(0)7767 602855.

Any equipment NOT returned at the event must be returned within no more than 7 DAYS AFTER THE EVENT e.g. for Event Date: Monday 1st January 2024; return date without incurring charges would be Monday 8th January 2024. **All late returns of equipment must be by Royal Mail Special Delivery with a minimum insurance cover of £1500 applied, to our UK office at:**

RBI Sport, Unit 3, Leightonhill, Brechin, Angus DD9 7PH

Any equipment returned **AFTER** the **7 DAY** returning period will be charged out as if on hire at the rate of **£50 for the 1st day, and £25 per day** thereafter until it is returned to us. Please try to avoid us having to apply these charges.

Thank you
