1. INTRODUCTION AND WELCOME

Dear Competitors and Spectators!

Welcome to the Mecsek Rallye Hungary, once again held in the south western region of the country, between the 13th and 15th of June.

Following the success of previous years, the 57th edition of the Mecsek Rallye, included in one of the historical championships in the world of motorsport – FIA European Historic Rally Championship (EHRC) – will certainly be the sporting and touristic event which will contribute to the positioning of the country and region as a tourist destination and to the cohesion of the territory.

Everyone in the organisation felt reassured based on the previous years plentiful positive feedback received, both from competitors and spectators, for which, alongside some insightful feedback providing us with an opportunity for continuous improvement, for all of which we are very thankful for. The event this year is based on the same foundations, with additional steps taken to improve the experience for all and be ensure we are responsible custodians of such a special event.

With the headquarters at Expocenter, in Pécs, the organiser team, has, of course yet again, elected the mountains of Mecsek as the location of the rally, with the traditional Ceremonial Start & Finish in the heart of the city and special stages in this picturesque setting.

The 57. Mecsek Rallye is eligible for the FIA European Historic Rally Championship with the living legend rally cars, for the Mitropa Rally Cup and the FIA Central European Zone championships with also historic & modern rally cars. The rally is also eligible for the Hungarian Rally Championship.

A word of appreciation is due to all the Municipalities involved in the itinerary of the event and for the essential support of our sponsors – first of all the City of Pécs and Mr. Attila PÉTERFFY Mayor and his team as well the Hungarian Motorsport Development Agency (HUMDA) and the Hungarian Autosport Federation – and a special recognition to the various entities involved in the safety of the rally, without them it will be impossible to run it.

The organiser of Mecsek Rallye Hungary is committed to the previous years builded sustainability program in order to proceed with the improvement work and minimize the environmental impact of the event, continuing the implementation of the necessary measures which have resulted in this level for a successful future and environmental protection.

Last but not the least, a reference to a very relevant issue for the success of event: the spectators safety. The intense popular enthusiasm stirred by the Mecsek Rallye Hungary should always be an added value to national sport, motorsport and tourism. Only with the commitment of all the Mecsek Rallye Hungary will be crowned with success.

In light of this, we would like to cordially invite all enthusiasts and rally fans to

MECSEK RALLYE HUNGARY

which will be held between **13-15 June 2024**, based in the City of **Pécs**, organised by **PSN Zrt.**

Instead of a lengthy introduction, to give you flavour of the event, here are some key characteristics to note.

- 3-3 different sections on the first and second day;
- diverse locations, stages are only run 2x;
- more than 165km total competitive km;
- 2 new version special stages;
- picturesque central location for start and finish podiums;
- entire Rally HQ in the Expo Center Pécs;
- significant road improvements for a better racing experience;
- competitor focused details (+“Nordic Cup“!);
- designated Fun Zones (parking, facilities, organised litter collection, cafe, entertainment);
- legendary rally cars, Rally2 cars (R5) and WRC cars in the fields;
- Parc Fermé in the city centre, essentially a competition car exhibition in the Centrum Parking;
- recalling the two-stroke memories: „Zwei Takt Memory“ competition Trabants in action.

***I wish you an excellent Rally!
See you in Pécs!***

Tibor MARKÓ

Rally event manager of the Mecsek Rallye Hungary,
and the **entire organising team**

5. ENTRY DETAILS

5.1 TITLES FOR WHICH THE RALLY COUNTS

FIA TITLES

FIA European Historic Rally Championship for Drivers and Co-Drivers – Overall
 FIA European Historic Rally Championship for Drivers and Co-Drivers – Category 1
 FIA European Historic Rally Championship for Drivers and Co-Drivers – Category 2
 FIA European Historic Rally Championship for Drivers and Co-Drivers – Category 3
 FIA European Historic Rally Championship for Drivers and Co-Drivers – Category 4
 FIA Trophy for EHRC Teams
 FIA Historic Rally Front Wheel Drive Trophy
 FIA Historic Rally 1600ccm Trophy

Other titles:

NORDIC CUP Historic Rally
 Mitropa Rally Cup
 Central European Zone & CEZ Historic
 Hungarian Rally Championship

5.2 ENTRY FEE

The entry fees for the Competition are fixed at € 990 per car (incl. 27% VAT).

5.3 OTHER FEES

Auxiliary Plate: € 50

Service park deposit and the cleanliness of the service park

Service park deposit: € 50

In order to preserve the cleanliness of the Service Park, the organiser has the right to check the competitors' service area by Service Park marshals. When the competitor leaves his service area after the race weekend, he and his team must clean their service area from all the garbage.

In order to ensure this, during the administrative check every driver must pay € 50.00,- deposit.

The deposit will be given back in case the driver's team left their service area clean, and the marshal who check the area gives the team a receipt, which proves that the area is clean and the environment is unharmed. This receipt shall be presented at the Rally Office during the opening hours of the office in order to receive the deposit back. After the closing of the Rally Office at the end of the weekend, the deposit is not refundable. In case of a common service with 2 or more drivers on the same service area, each driver gets their own receipt.

5.4 ENTRY PACKAGES

The entry fee includes:

Recce plate sets	1
Service plates	2

Rally plates / stickers and comp.numbers set 1
 Roadbook sets 1
 Route Maps 1
 Refuel Zone sticker 1
 Areas in service park 8x10 meters
 Entering the Service Park is allowed only for cars with sticker: Service or Refuel Zone or Auxiliary.
 Additional service park space can be ordered for a price of €15,- per 1m2 (Five Euro/m2). Orders must be sent until the closure of entries, in e-mail to the servicpark manager (service@mecsekrallye.com).

6. SERVICE PARKS

6.1 SERVICE – GENERAL CONDITIONS

All services made on the car for the duration of the rally must be made in accordance with the EHRC Sporting Regulations, Article 56.

6.2 PERMITTED SERVICE LOCATIONS

6.2.1 Service Park

The Service Park is situated at Pécs, EXPO Center and will be open to the Competitors from 07:00 (Thursday) 13th June 2024.

GPS coords: N46 03.263 E18 12.460

6.2.2 Additional Service Zones

Servicing will also be permitted in Remote Service Zones in accordance with EHRC Sporting Regulations Article 60, at the following locations:

Leg 1	Section 1	Komló, Eszperantó tér „Sportközpont car park“	GPS: N46 11.414 E18 15.682
	Section 2		
Leg 2	Section 3	MAN Pécs Pécs, Pécsváradi út 4 (inner car park) „MAN inner car park“	GPS: N46 05.193 N18 16.509
	Section 4		

Servicing is only allowed in the service park and in additional service areas indicated in the roadbook.

6.2.3 Procedure in Additional Service Zones

The surface is 100% concrete. For all competitors it is compulsory to place a ground sheet under the rally car.

6.3 FACILITIES AT SERVICE PARK

The following services will be available on different locations within the Service Park:

- General Lighting in the whole Service Park
- Toilets for public use
- Waste containers – Selective waste collection
- General security in the whole Service Park

6.4 SPACE REQUESTS

Areas in service park (basic size including entry fee): 8x10 meters
Entering the Service Park is allowed only for cars with sticker: Service or Refuel Zone or Auxiliary.

Teams that, due to logistics, need to stay together or have any special request must send them by e-mail to service@mecsekrallye.com. The Organiser will make all reasonable efforts in order to satisfy the needs of all Teams.

Additional space requests, when available, are subject to a fee whose amount 15,- € per 1m2 (sixteen Euro/m2).

To request additional services and/or spaces must be sent until the closure of entries, in e-mail to the servicpark manager.

**Request must be sent until 5th June 2024
service@mecsekrallye.com**

No further changes will be accepted after this date, once the layout of the Service Park has been declared as definitive.

6.5 SERVICE PARK CONTENTS

- TC in / TC out
- Regrouping area
- Tyre marking zone
- Refuel area
- Emergency services: fire brigade, ambulance car, etc.
- Auxiliary parking areas (beside of SP)
- Press and VIP parking areas (beside of SP)
- Rally office / Information centre
- Buffet

6.6 Service Park Manager

For any questions and further information please contact the Assistant of Service Park Manager (CRO):

Mr Szabolcs MAGYARI-BECK

service@mecsekrallye.com

Phone: +36 30 337 6443

6.7 Additional Service Zones

Servicing will also be permitted in Remote Service Zones in accordance with EHRC Sporting Regulations Article 60, at the following locations:

Leg 1	Komló [Komló, Eszperantó sqr] „Sportközpont car park“	GPS: N46 11.414 E18 15.682
Leg 2	MAN Pécs [Pécs, Pécsváradi str 4.] „MAN inner car park“	GPS: N46 05.193 N18 16.509

7. FUEL / TYRES

See Supplementary Regulations.

8. REFUELING

8.1 All Competitors may only refuel:

- in a Refuelling Area (RA) as indicated in the Road Book,
- and at on petrol stations described in the Road Book.

8.2 Competitors' cars may be refuelled from drums/cans with commercially available fuel and two team members with team passes may access the RA to assist each crew. In order to access the refuelling zone, team personnel must wear clothing that provides adequate protection against fire and includes at least: long trousers, long-sleeved top, closed shoes, a balaclava and gloves.

8.3 According to EHRC Sporting Regulations - Article 61.2.4 each competitor will be responsible to use environmental mats to protect the ground while the cars are refuelling. Under no circumstances can the competing crew remain in the vehicle during refuelling operations.

8.4 Refuelling in a commercial filling station
Refuelling at the commercial filling stations is only allowed only from the pump head.
In Hungary only RON 100 and RON 95 petrols are available.

8.5 Refuelling procedure
The complete refuelling procedure must be in compliance with Article 61.2 of the FIA EHRC Sporting Regulations.

8.6 Refueling Area:
Refuel Area Pécs: Expocenter, at the exit of the Service Park.

8.7 Remote Refueling Areas:

Leg 1	Komló [Komló, Eszperantó sqr] „Sportközpont car park“	GPS: N46 11.414 E18 15.682
Leg 2	MAN Pécs [Pécs, Pécsváradi str 4.] „MAN inner car park“	GPS: N46 05.193 N18 16.509

During refueling, transporting fuel service crews have to follow the follow the Hungarian laws

9. HOSPITALITY ARRANGEMENTS

9.1 EHRC + MRC DINNER

Dear Competitors, Dear Guests,

The organiser of the Mecsek Rallye Hungary invites all FIA European Historic Rally Championship and Mitropa Rally Cup competitors to an **EHRC + MRC dinner at 13 June 2024 (Thursday) at 21:00.**

Please confirm your interest **until 20:00 on 10 June 2024 via e-mail**

ormosy.reka@psnzt.hu

let us know how many people are planning to attend.

The invitation extends to all EHRC and MRC competitors +4 team members (6 person per team in total). We can accommodate more people at a cost of 15.500 HUF per person (40 Euro), which is payable to our colleague at the event only with cash. Please ensure you have the exact amount of money (40EUR) as we do not have the possibility to give you change at the venue.

Looking forward to hearing back from you.

Dear Guests,

Please join us to EHRC + MRC dinner (For the EHRC+MRC competitors & crews)!

Date: Thursday 13th June 2024; 21:00

Location: SLYVEN Rendezvényközpont (Pécs, Mezőszél str. 1., GPS: N46 4,393; E18 12,778)

RVSP Please don't forget to RVSP by 10.06.2024. [20:00h] to ormosy.reka@psnzt.hu

11. RECONNAISSANCE SCHEDULE

Stages taken place on public roads are not limited, national traffic laws must be obeyed at all times.

The organiser shall restrict access to forest road sections as follows:

	12nd June 2024 [Wednesday]	13th June 2024 [Thursday]
SS 9,12	8:00 – 14:30	8:00 – 14:30
SS 1,4	15:00 – 21:00	15:00 – 21:00
SS 2,5	8:00 – 21:00	8:00 – 21:00
SS 8,10	<i>no restrictions</i>	08:00 – 10:00 (!)

During the recce, on THE FORESTRY SECTIONS OF special stages passes are permitted 4 times. If the special stage is on a private road (mentioned above), or on a road that is not open for the public traffic if there is no other speed limit restriction, the speed limit during the recce is **80 km/hour**.

12. SCRUTINEERING SEALING AND MARKING

SCRUTINEERING EXPO CENTER PÉCS

(inside the Service Park)

Venue: Pécs, Megyeri Str. 72.

Date: 13th June 2024, 12:00 – 16:00

More details: See Supplementary Regulations.

13. TARMAC TEST OPPORTUNITY

13.1 TARMAC TEST (for additional fee)

Date: 13th June 2024; 16:00 – 20:00

Location: Bakonya and surroundings (part of SS7, reverse direction) /Distance from Rally HQ: 16,90km (to Start: „Bakonyai vadászház“) approx: 20 min

Test course length: 3.60km /One way running, continuous starting every minute

Liaison section length between Stop & Test service 6.60km (*speed controll on the road section!*)

Registration: Compulsory! (because of the insurance)
entry@mecsekrallye.com /till: 12:00h, 12th June 2024

The registration (email) must contain the competition number and names of the crew.

At the Test competitors must wear all items of protective clothing, underwear, including helmets and a FIA approved head restraint (FHR, formerly called HANS) intended to be used.

14. START AND FINISH PROCEDURE

See Supplementary Regulations.

15. GPS SAFETY TRACKING SYSTEM

FIA requires the use of the GPS Safety Tracking System for all starters. Use and operation of the equipment is obligatory for the whole duration of the event (from the reconnaissance to the end of the race). By signing the entry form, the competitors agree to the GPS data to be passed onto the organiser and the race management. The installation of GPS equipment in the race car and its proper operation will be checked on the scrutineering for each participant. At the end of the event, or after withdrawal, the GPS unit must be handed over to the race office immediately.

For the usage and operation of the GPS safety tracking system the organiser will issue a separate document, 'GPS Safety Tracking - User's Manual' to assist.

GPS Safety Tracking Device - Installation

We are using an app in GSM phone for safety tracking in rally events. System requires some preparations in the rally cars before rally starts. These are described below. Should you have any questions, we are happy to help. With the system we will have better communication facilities between rally control centre and the rally cars in case of any accidents, as well as a more secure communication channel between the cars and the rally control centre.

CHARGING POWER

App works only if GSM display is on. This uses GSM battery alot, so it's mandatory to provide charging for the phone and the outer antenna (outer antenna is not needed in RECCE). There are 3 options for this:

1. Car must have 2 female USB type-A power socket for 5V current. The socket must be within 80 cm of the planned installation location of the device (see requirements of the installation location below). The connection may be part of the car's main circuit, so that when the main power is switched off it will not be discharging the battery e.g. in overnight parc fermé.
2. It is also possible to use power bank to provide the charging. Power bank minimum capacity must be 20 000mAh, it need 2 female USB type_A power sockets (1 for the phone and 1 for the outer GPS antenna) and it has to be fully charged when rally starts.
3. Female car cigarette lighter charger with 12V output. There is power divider for phone and outer GPS antenna in the provided system.

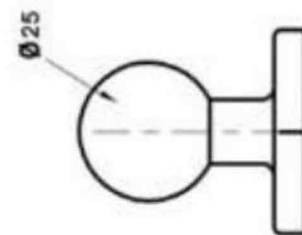

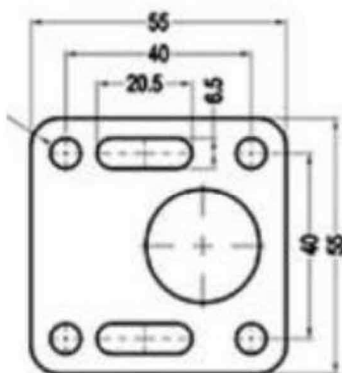

ATTACHING THE DEVICE TO THE CAR

The device must be installed in the car with the equipment described in the following pictures. It is an absolute must that the device will be place so that:

- both the driver and the co-driver can reach the touch screen without opening safety belts
- both the driver and the co-driver can see the screen when driving on special stage

The device will be installed with 1" ball. This ball mount must be attached to the car with solid screws, in a place as instructed above, in order for the drivers to be able to use the device. The installation measurements for the base of the ball can be seen here. Screw hole diameter is 6.5 mm and distance between the holes 40 mm. If installed to the front panel of the car add support plate on the back side of the panel to avoid screws coming through the panel in case of accident and letting the holder fly freely in the car.

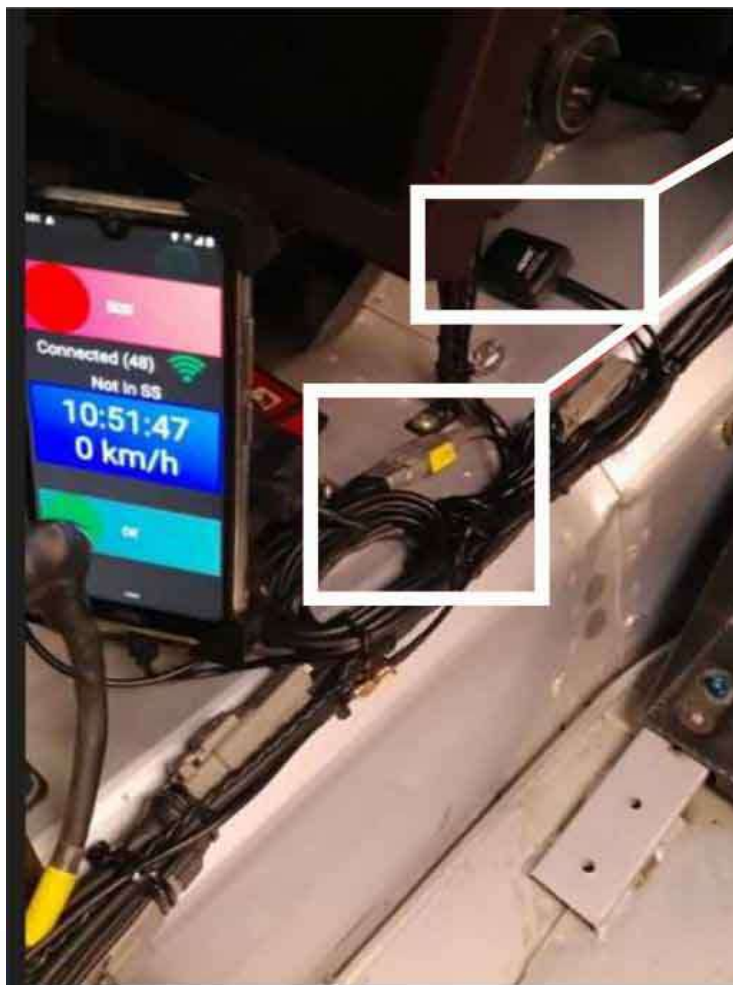

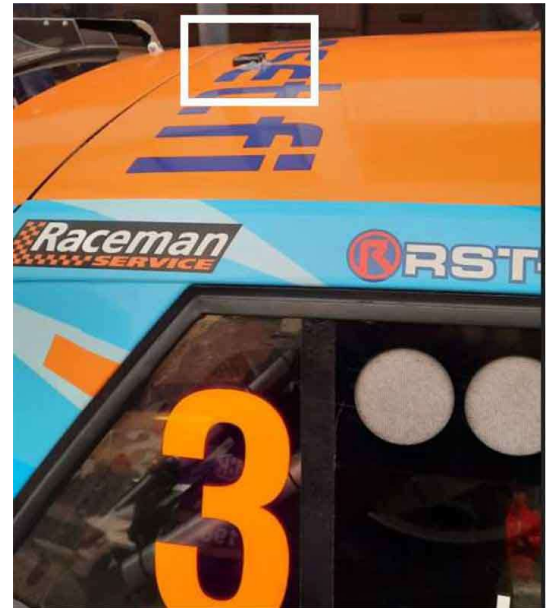

The GSM holder and phone is attached to the ball with the double socket arm. This allows you to orient the device so that it is easy to see by drivers.

GPS antenna must be installed as follows:

- GPS antenna must be attached to either the roof, or inside the back window with the antenna / aerial facing towards the sky. In case the antenna is fixed to the roof, the cable needs to pass from inside the cabin to the outside without being pinched by a door or window aperture. Avoiding the cable being pinched ensures reliable signal quality and reduces signal drop-out risk in case of an accident. Strong adhesive fixing is recommended.
- Internally there is USB plug that needs to be plugged to 5V plug for the antenna to work.
- The internal antenna must be placed within 1 meter from the actual device. There is no pairing, ... to be done it works just as it is. Internal antenna must be minimum of 2 meters apart from the outer GPS antenna to avoid interference.

Internal antenna must be within 1 meter from device

USB plug must be attached to 5V plug from car

16. MEDICAL AND SAFETY SERVICE

16.1 MEDICAL INSURANCE

The 57. Mecsek Rallye is supported by the National Ambulance Service and the Galenus Ambulance Service, as per the below:

Date	Location	Details

17. USEFUL INFORMATION

17.1 TRAFFIC REGULATIONS IN HUNGARY

Driving in Hungary

Traffic drives on the right hand side of the road. Speed limits are as following: motorway 130km/h, dual carriageway: 110 km/h, national speed limit: 90 km/h, urban areas: 50km/h, except where lower speed limit is dictated. Except where a lower speed limit is indicated.

Drivers and passengers have to fasten safety belts at all times. Driving after drinking alcoholic beverages is forbidden! Give way to pedestrians! During the driving the lights must be turn on during the whole day!

In case of traffic accident, you have to:

- do precautions not to endanger traffic on the road;
- call the police and ambulance in case of injury;
- indicate the place of the traffic accident;
- enable restoration of the traffic on the road;
- prove your identity and provide information about the car (which took part in the accident) if you are asked for it.

Driving licence

You are authorised to drive in Hungary if you possess:

- Driving licence issued by the Hungarian authorities;

- Driving licence issued by state of EU;
- Driving licence issued by foreign state;
- International driving licence.

Time zone	GMT + 1 hour
Capital city	Budapest
Political system	Parliamentary republic
Currency	Hungarian Forint (HUF)
Languages	Hungarian

18.2 MECSEK MOUNTAINS AND THE CITY OF PÉCS

Pécs, located in the southwestern part of Hungary, is the country's fifth-largest city. It is situated on the southern slopes of the Mecsek Mountains, approximately 45-50 km west of the Danube and Drava rivers. The city serves as the center of the Southern Transdanubia region and is the county seat of Baranya. With a land area of 162 km², Pécs is home to 141,031 residents (as of 2023). The city boasts a rich historical and cultural heritage.

Pécs has always been a multicultural settlement, where various cultures and traditions intersect. In 2010, it was designated as one of Europe's cultural capitals, alongside Essen and Istanbul.

The settlement, originally known as Sopianae, was founded by the Romans in the early 2nd century on the land inhabited by Celtic and Pannonian tribes. By the 4th century, it had become an important provincial centre and a significant hub for early Christianity.

Pécs has several internationally recognized and interesting assets. Here are some of them:

- **Zsolnay Porcelain:** The Zsolnay porcelain factory is one of the city's prides. Zsolnay porcelain is famous for its beautifully colored glazes and unique shapes. Collectors and enthusiasts worldwide appreciate Zsolnay ceramics.
- **Early Christian Cemeteries:** Pécs' early Christian cemeteries are part of the UNESCO World Heritage. These graves and tombstones date back to the Roman era and are essential for understanding the early history of Christianity.
- **Kodály Center:** The Kodály Center is a modern concert and cultural venue where classical music concerts, folklore performances, and other events take place. The venue boasts excellent acoustics and attracts music lovers.
- **Art Nouveau Architecture:** Pécs boasts several Art Nouveau-style buildings. For example, the structures in the Zsolnay Quarter feature beautifully crafted ceramic decorations.

Overall, Pécs is a city with a rich cultural and historical heritage that is well worth exploring!

In 1967, the first Mecsek Rally kicked off, marking Hungary's most prestigious rally event. Over the years, it has become a significant symbol for the city. The Mecsek Rallye serves as a cornerstone of the Hungarian Rally Championship and has earned recognition from the International Automobile Federation (FIA).

The Mecsek Mountains, situated in the southwestern region of Hungary, lie just north of Pécs. The highest peak, Zengő, reaches an elevation of 682 meters. Covering an area of 545 square kilometers, the Mecsek range boasts diverse wildlife and natural beauty.

This enchanting region is home to numerous natural and cultural attractions, making it well worth exploring.

19. SUSTAINABILITY

The 57. Mecsek Rallye is committed to the environmental activities related to sporting events. Planning and organising the event has various environmental impacts, and the organiser of the event considers it important to identify and assess these impacts and then actively work to reduce them.

Therefore, many actions and rules will be implemented in the upcoming event to preserve the environment and nature.

In order to make progress it is important that every stakeholder respect to rules in every part (at the HQ, Service Park, stages and also on the spectator areas) of the event. Besides respecting rules, guidance and raising awareness are also key part of the progress especially in a field of safety.

To achieve our environmental goals such as reducing our emissions, preserving the nature, emphasizing safe mobility, we are asking every interested party to cooperate, especially in the following areas:

- Try to use just as much energy as needed;
- Switch off the lights after leaving premises/facilities;
- Gather waste separately and use the designated waste collection areas, especially hazardous waste;
- Use the environment consciously, maintain a litter-free environment, preserve biodiversity and encourage others to do the same;
- Please pay attention to prevent leaks and spills during refuelling and use environmental mats for ground protection.

Be our partner in speeding towards a sustainable future.

The organiser will issue the following Rally Guide documents:

- Rally Guide 1 Forms
- Rally Guide Maps
