1. WEATHER CONDITIONS

Due to significant overnight and forecast ongoing rain today the grip level has deteriorated since reconnaissance and due caution is advised through all stages today.

There are puddles and standing water.

We draw particular attention to SS4 Moorilup Instruction 12 -13 and Instruction 26-27 where there is water across road that is not easily seen on approach.

Please drive to the conditions. Course cars will provide updated competitor advices throughout the day if required.
