DOUBLE GLAZING CONVERSION SOLUTION

**Innovation,
Not Renovation.**

Comfort Glaze converts your existing single-pane windows to double glazing without the mess, waste, and costs of traditional replacement. A proud Perth-born innovation, built to perform in WA conditions.

THE OLD WAY

Double Glazing Renovation

- ✗ High Disruption
Days of worksite debris, dust, open walls, and construction noise.
- ✗ Hidden Costs
Requires plastering, painting, and fixing damages caused by the window rip out.
- ✗ Massive Waste
Perfectly functional aluminium frames are ripped out and sent straight to landfill.

THE SMART WAY

Comfort Glaze Conversion

- 1-Hour Installation
Clean and precise technical install taking approximately one hour per window.
- Cost-Effective
Significant savings on capital outlay with absolutely zero hidden finishing costs.
- Sustainable Process
We use your existing frames, upgrading the tech while minimising environmental impact.

**Tailored Solutions,
Not Generic Glass.**

The biggest misconception is that double glazing is one-size-fits-all. We engineer four distinct solutions designed to solve your specific home frustrations.

thermal

WINTER BLANKET

Prevents wasteful winter heat loss, effectively lowering heating bills.

solar

HEAT SHIELD

Engineered with high-performance Low-E coatings to block harsh summer heat.

whisper

PEACEFUL SANCTUARY

Utilises acoustic laminated glass and precise air gaps to cut out traffic, neighbour, and aircraft noise.

sanctuary

PRIVACY GUARD

Obscured privacy glass that allows abundant natural light while keeping prying eyes out.

Ready to Convert to Double Glazing? Call (08) 6170 5050 Today.

Start with a free assessment and upgrade to double glazing with your single-glazed window frames.

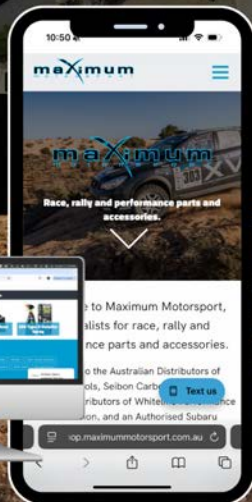

DRIVEN BY **PASSION**, PROVEN ON THE STAGES.
